HUERTA PARLEYS WITH NEW PLAY FOR TIME

LATEST DEMAND WILL NOT BE COUNTENANCED

Proposal That Uncle Sam Return Salute Gun for Gun is Rejected in Decisive Fashion

WILL BE NO FURTHER TEMPORIZING

BELIEVES IT WILL BE
ARRANGED BEFORE NIGHT.

Mexico City, April 17.—Jose Lopez Portillo y Rojas, Mexican foreign minister, said at noon today he believed the controversy between the United States and Mexico would be arranged before night.

Washington, April 17.—Huerta has parleyed again. He demands that his salute to the United States flag shall be returned gun for gun simultaneously.

Huerta's latest equivocation over an apology to the flag of the United States has been met with an unqualified demand for a salute of twenty-one guns as originally asked by Rear Admiral Mayo at Tampico. The American warships will return it according to international custom.

Word Goes Forward.

This word went forward to Mexico City today after President Wilson and the cabinet had discussed Huerta's latest proposal that the salute be a simultaneous one and that he be assured that the American ships will return his gun fire.

President Wilson and his advisers considered Huerta's answer and Secretary Bryan left the cabinet meeting to send the reply. It was brief and final.

Secretary Bryan instructed Charge

O'Shaughnessy to finally inform Huerta that the United States will accept nothing less than a salute of 21 guns, and that the American ships will reply after the salute has been fired.

Many Expected It.

The development confirmed the fears of those officials who expected Huerta would equivocate again. Any intention of recalling any ships of the fleet now bound for Tampico was abandoned and those close to the administration expected to see President Wilson's demand for an unqualified apology backed up.

The text of Charge O'Shaughnessy's dispatches was not made public, but it became known that Huerta's latest proposal was that as his guns fired their salute to the stars and stripes as an apology for continued affronts to the United States, particularly the recent arrest of blue jackets at Tampico, that the guns of the American fleet should reply to the Mexican salute gun for gun.

Would Make It Valueless.

Officials here were ready to acknowledge Huerta's salute of twenty-one guns after it had been finished with a return salute such as is prescribed in naval custom and precedent. That would merely be acknowledging an amende honorable, they say. But to return Huerta's salute gun for gun, they pointed out, would make the apology valueless.

Officials described Huerta's latest move as an act to preserve his own dignity before the Mexicans of that part of the country under his control.

Must Be Complete.

While President Wilson and the cabi-

ATTEMPT IS MADE TO SLAY NEW YORK MAYOR

Bullet of Would-Be Assassin Misses Mitchell But Seriously Wounds Corporation Counsel Polk

SHOT FIRED JUST OUTSIDE CITY HALL

New York, April 17.—An assassin's bullet aimed at Mayor Mitchell, as he was leaving the city hall in an automobile today for luncheon missed its mark but badly wounded Frank Polk, corporation counsel.

The man who fired the shot was instantly overpowered. His name is David Rose, his age nearly 70, and he gave evidence of being mentally unbalanced.

The bullet crashed through Mr. Polk's jaw, knocking out nearly all his front teeth and inflicting a serious though not necessarily fatal wound. He was assisted into the city hall, then removed to a hospital.

"Mr. Polk was hit by the bullet, but it was undoubtedly intended for me," was the mayor's comment.

Attaches at the city hall said that Rose had called to see the mayor several times lately but because of his queer actions hadn't been permitted to see him.

While an ambulance surgeon was dressing Mr. Polk's wound Rose was questioned by the mayor and a score of detectives. He refused to answer any questions about himself. Two letters addressed to Mayor Mitchell were found in his clothing.

The shooting occurred at the Park Row entrance to the city hall plaza shortly after 1 o'clock. At that time of the day Park Row is congested with hundreds of men and women on their way to and from luncheon.

Narrowly Misses Woods.

The bullet narrowly missed Arthur Woods, the new police commissioner. The mayor, Mr. Polk and Mr. Woods were entering an automobile.

An old man, whose name was at first not ascertained, did the shooting. He edged his way through the crowd and

JOHN PURROY MITCHELL, New York Mayor Who Escaped Bullet of Would-Be Assassin.

was apparently attempting to assassinate the police commissioner.

Had "Nothing to Say."

The would-be assassin was almost instantly seized by a policeman and was taken to the police station in the basement of the city hall. He was ably dressed and apparently about 55 years old.

Mayor Mitchell himself questioned the man, but he would say nothing concerning the shooting, mumbling: "I have nothing to say."

John Lind and Secretary Bryan Caught by Camera Man

JOHN LIND, WALKING ARM IN ARM WITH SECRETARY OF STATE BRYAN, IS PRESIDENT WILSON'S SPECIAL ENVOY TO MEXICO. HE HAS JUST RETURNED TO WASHINGTON AND IS HOLDING DAILY CONSULTATIONS WITH THE PRESIDENT AND SECRETARY OVER THE PENDING WAR CRISIS WITH MEXICO.

WILL SPEND TWO MONTHS AT HOME

Hon. and Mrs. N. W. Gilbert Will Reach New York April 24.

ARE NOW IN LONDON

Hon. and Mrs. Newton W. Gilbert, who are now in London, will reach New York on the 24th inst. aboard the Cunard liner Mauretania. After two or three days that the former vice-governor of the Philippines will be obliged to spend in New York and Washington, Mr. and Mrs. Gilbert will come on to Fort Wayne.

This information is conveyed in a letter written by Governor Gilbert in London to his brother, Guy J. Gilbert, of the Lincoln Life Insurance company, in this city.

Governor Gilbert states in his letter that he and Mrs. Gilbert expect to spend two months in Indiana and that they will for the most part make their stopping place at the home of the governor's aged mother in Angola. Governor Gilbert expects, however, to see much of his host of friends in Fort Wayne.

Following his stay in the United States Governor and Mrs. Gilbert will return to Manila, where the governor will engage in the practice of law. Since his resignation and retirement from the vice-governorship of the Philippines Mr. and Mrs. Gilbert have been making an extensive tour of the world. They have not been in the United States for three years.

OSWEGO, N. Y., April 17.—An instance of the intelligence and fidelity of a horse came to light today when the body of Frank Hannan was found face downward in a brook near here. A blanket was so wrapped about him that he had been unable to save himself after falling.

Over Hannan stood his team, one of the animals having remained for many hours without being able to place one of its feet to the ground, as Hannan's body was under the hoof and the horses were unable to move freely in the tangled harness.

o'clock this morning at St. Joseph's hospital where he had been a patient for the past month suffering from complications. Mr. Lowry was one of the active workers of the democratic party in Allen county and while his death was not unexpected, hundreds of friends in Fort Wayne and vicinity will be sorrowfully shocked to learn of his demise. He had been in poor health for the past seven years, but his condition became critical only a few months ago.

Always Lived Here.

Harry Lowry had been a lifelong resident of Fort Wayne. He was born August 27, 1887, and was 26 years of age. He was a son of the late Mr. and Mrs. James W. Lowry. His father died twenty-two years ago and his mother passed away fifteen years ago. Since that time he and his sisters had made their home

MOOSERS READY FOR CONVENTION

Progressive Clans Arriving for State Gathering at Indianapolis.

CANDIDATES ARE OUT

Indianapolis, April 17.—Many delegates to the state progressive convention which will be held here tomorrow had arrived at noon today. A large number of avowed candidates for places on the state ticket were busy greeting the delegates at the progressive club rooms.

The district meetings will be held tonight when members of the resolutions and credentials committees and vice presidents of the convention will be selected. The two committees probably will spend the greater part of the night working on their reports.

There will be 1,680 accredited delegates in the convention, making 835 votes necessary for a choice when it comes to a ballot.

Former United States Senator A. J. Beveridge will be temporary chairman of the convention and other speakers will be United States Senator Moses E. Clapp and Miles Pindexter and Charles Sumner Byrd.

"DYNAMITE JOHNNY" ILL.

Newark, N. J., April 17.—"Dynamite Johnny" O'Brien, who gained fame as a filibuster and blockade runner in Cuba's revolutions, is seriously ill at his home here. O'Brien is 67 years old. For the past thirteen years he has served as chief government pilot of the Cuban republic, a position given him as a reward for his services to the Cuban people.

BODIES FLOAT ASHORE.

Monmouth Beach, N. J., April 17.—The body of Mrs. H. Hardy, wife of the captain of the schooner Charles K. Buckley, which stranded and went to pieces near here Wednesday night, floated ashore today, as did the bodies of three members of the crew. Ten persons perished in the wreck. One sailor was rescued.

WIRES BIND FEET OF CHARRED BODIES

Double Murder Disclosed in Ruins of Blaze at Geddes, S. D.

NO CLEW TO GUILTY

Geddes, S. D., April 17. What appears to be a double murder was disclosed here today when the bodies of W. H. Menzie, manager of the Farmers' Lumber yard here, which was burned last night, and his bookkeeper, Miss Blanche Signal, were found in the debris of the lumber office. Both bodies were badly charred.

The feet of Miss Signal were tied with a wire and her hands wired behind her. Her skull had been crushed by a hammer which was found near by. Mr. Menzie's feet also were wired together and a wire was found on one wrist. The other end was broken. His skull also had been fractured.

There is no clew and no known motive for the murder has been discovered. Mr. Menzie and Miss Signal were last seen alive when they went to the office at about 8:30 o'clock last night to do some extra work.

Miss Signal had agreed to meet her mother at 9 o'clock, they having planned to attend a dance. The fire was discovered about 11:30 and had started just back of the office. It had gained such headway that nothing could be saved.

WILLS MAN \$250 TO BE EXPENDED FOR CIGARS.

Chicago, April 17.—Oliver W. Norton, a wealthy Chicago manufacturer, was notified today of a bequest of a fund amounting to \$250 to be dedicated to the purchase of cigars.

The money was willed to him by Mrs. Elizabeth C. Vincent, who died recently at her home in Cincinnati. The will, which was filed in Cincinnati yesterday, provides: "To Oliver W. Norton, to be expended for the best cigars he can buy, I give and bequeath \$250."

AUTO SPEEDERS FINED IN COURT

Two Young Men Caught in
New Police Crusade
Against Fast Driving.

NEWS OF THE POLICE

Frank Stoner and William Hummel, two young automobile drivers, pleaded guilty in the city court this morning to charges of exceeding the speed limit and were fined \$10 and costs each. The arrests were made by Motorcycle Officer Dan Kintz, who overhauled both speeders on Fairfield avenue, where speeding is made a regular pastime by many motorists. The arrests were in pursuance of orders by Chief of Police Lenz that the laws governing the speed of power vehicles be strictly enforced. It is announced at headquarters that the police order has no strings attached and that no favors will be shown. The long, broad stretch of Fairfield avenue, from Creighton avenue to Rudisill boulevard, is a favorable speedway for autoists.

Cooking Up Something for Jack.
After getting Jack Case's plea of guilty to a charge of public indecency this morning, Judge Kerr took the matter under advisement until tomorrow morning. The court expressed a desire to thoroughly inform itself what steps it had for the infliction of penalty and also what might be gained by certifying the prosecution to the circuit court. Case, who has been arrested many times and fined on similar charges, offered in mitigation that he had been drunk and begged hard that the court temper its justice with mercy, promising never again to drink. Case is believed to be the man who has been committing shocking offenses in many parts of the city during the past week or two. A woman today identified him as having been guilty in her view on the west side and said that she saw him expose himself to a pair of little girls four or five years old.

Jennie Parades a Soule.
Jennie Meyers, who said she hailed from Marion and came to Fort Wayne to visit a sister who does not reside here, and John Kreg were arrested on Barr street yesterday afternoon by Police Matron Fannie Winch. The Meyers woman was reeling drunk and making a spectacle of herself, and Kreg had a fine start. Kreg's wife, from whom he is separated and is suing for divorce, is in a hospital and their children are under the care of her mother. Kreg figured prominently in the case against Harry Becker, the young hand, who tried to kill Detective Sergeant Randall some months ago, and was returned to the reformatory from which he was at the time under parole. Judge Kerr took the case of the Meyers woman and Kreg under advisement until tomorrow morning.

Robbed His Benefactor.
When Dr. Guy Enrick took in Louis Reming, a down and out man, gave him work and encouragement, he warmed a serpent in his bosom. Dr. Enrick employed Reming to do cleaning about his dental office. Yesterday noon two good pairs of shoes were stolen from the office and Reming was suspected. Detective Sergeant Immed arrested Reming, who said the shoes could be found in a pawn shop. The man pleaded guilty this morning, shed some tears when the court grided him, got \$5 and costs and a fifteen day suspended jail sentence.

Other City Court Cases.
Franklin Moore runs a chicken ranch between Huntington and Andrews. He had been to Rome City on business and while returning yesterday refreshed himself between trains. At the interurban station he was so drunk his ticket was taken from him, his money restored and a policeman called. He said this morning he could get back to the poultry ranch without trying to change cars and was started.

Joseph Floren, a drunk, was continued until tomorrow, and Fred Kline, another soule, was let go.

The case against William Wagner, charged with petit larceny, was continued for thirty days on motion of the prosecutor.

A young man giving the aristocratic name of Floyd Rothermel was turned loose. He was arrested on a boisterous charge.

DEATH COMES TO

HARRY P. LOWRY

and were raised and cared for by their aunts, the Misses McGee, of 1127 Clinton street.

Early in life Mr. Lowry became a member of the Cathedral of the Immaculate Conception and he was a graduate of the Cathedral parochial schools. He was also a member of the Holy Name society of the parish, and for many years he served as an usher at the church. He was a member of the Knights of Columbus for many years and was one of the most earnest workers in the affairs of that organization.

Political Activity.

Harry Lowry was one of the most devoted and earnest workers the democratic party ever had in this part of the state. He devoted his time, money and energy to the success of democracy in Allen county and the Twelfth congressional district and it was largely through his interest that the Jefferson club of Fort Wayne was reorganized and placed in a position to work for the party. At the close of the campaign in 1912 Mr. Lowry was appointed as assistant to Louis S. C. Schroeder at the Fort Wayne office of the state free employment bureau, which office he held until his death.

Leaving Two Sisters.
Surviving he leaves two sisters, the Misses Mary and Bertha Lowry, and

four aunts, with whom he resided—Maria, Elizabeth, Mattie and Catherine McGee.

No arrangements have been made for the funeral at this time, but the services will be held first from the residence and later from the Cathedral of the Immaculate Conception, with burial at the Catholic cemetery.

ATTEMPT IS MADE TO SLAY NEW YORK MAYOR

(Continued from Page 1.)

Search of his pockets disclosed two letters addressed to the mayor.

Frank Polk, the wounded corporation counsel, was taken inside the city hall and physicians hurriedly summoned. He was bleeding profusely, but did not lose consciousness. The mayor assisted Mr. Polk into the building and an ambulance was summoned.

Only the quick work of Detective George Neun, acting as chauffeur for the mayor's automobile, saved the man under arrest from firing a second shot. Neun overpowered him and took from him a six-shot .38 calibre revolver.

Although the man refused to reveal his name, a mark inside his clothing bore the name David Rose.

Mayor Mitchell, Police Commissioner Woods and Mr. Polk had just left the mayor's office in the city hall to go to a downtown restaurant for luncheon. The three crossed the plaza toward Park Row where stood the mayor's automobile driven by Detective George Neun.

Mayor got in first, Mr. Polk and Mr. Woods following in the order named. As the mayor sat down Rose dodged through the crowd on Park Row and walking up to a point opposite the chauffeur took quick aim at Mr. Mitchell and fired. At the crack of the revolver Neun leaped from the car upon the shoulders of the man and bore him to the sidewalk. This prevented him from pulling the trigger of his revolver a second time.

While the detective and Rose were struggling on the sidewalk, the former trying to get possession of the revolver, Mr. Polk staggered and was saved from sinking to the sidewalk by the mayor.

Blood was spurting from the mouth of the corporation counsel, and he was carried to the police station in the basement of the city hall where police men attended to him as best they could with first aid material pending the arrival of surgeons. A policeman standing a few feet away from the automobile blew his whistle as soon as he saw Mr. Polk stagger. With other policemen he assisted the struggling detective in holding Rose. They took the would-be assassin into the city hall basement where he was questioned in a room adjoining that where Polk was being treated.

Mayor Mitchell came in and stood by the prisoner. Rose was trembling with fright and his hands shook.

Mayor Questions Rose.
"Why did you shoot at me?" the mayor asked him.

Rose only mumbled.

"I won't say anything," he finally shouted.

After detectives had put question after question to him he said his name was Soloschen. When his clothing was removed, however, it was found that his collar bore the name of "David Rose." The man was poorly dressed. When asked where he lived he said he had no home. The questioning was still in progress when Mr. Polk was removed to the New York hospital. His face, chin and neck were bandaged, and blood was still pouring from his mouth when he entered the ambulance. A surgeon said that nearly all his lower teeth had been knocked out and that the jaw bone had been pierced in two places.

In the prisoner's pockets were two or three letters and a newspaper clipping relating to the Goshala police bills.

Letters Are Found.

One letter was a brief one, in an envelope stamped and addressed to "Mayor Mr. Strong, Pittsburgh, Pa." It was dated April 14 and read: "Mr. Strong you have done your part and you soon will pay. We will do our part and you will see what part it will be."

The letter was unsigned.

A long, rambling letter on the general subject of Mayor Mitchell's record on the police question began:

"Mitchell: You never lost some of your old tricks and you never will."

A crowd of two thousand persons surrounded the city hall while Mr. Polk and Rose were inside. Several morbidly curious in the crowd picked up teeth that had been knocked from Mr. Polk's mouth and had fallen on the running board of the machine. At the New York hospital after a more detailed examination it was said that Mr. Polk's injury would not prove fatal.

"Mr. Polk is conscious," said a bulletin given out at the hospital at 2:30 o'clock. "He is doing as well as can be expected under the circumstances."

LATEST DEMAND WILL NOT BE COUNTEANENCED

(Continued from Page 1.)

net will decide what shall be done, the opinion was expressed freely in official circles that nothing but a complete apology and such a salute as the United States demands would be accepted now.

Secretary Bryan, when he took the latest dispatches before the president, said the situation was "encouraging, but not finished," and while the officials said the details remaining in dispute did not affect the "heart of the matter," it developed that Huerta's counter proposition for a simultaneous salute was regarded as another play for time, which probably would not be countenanced.

All the latest dispatches were laid before the cabinet. Practically all the members of the official family were said to be agreed that there should be no further temporizing.

Bryan Says Little.
When the cabinet meeting adjourned Secretary Bryan still described the negotiations as "encouraging" but not final.

"I have received one message from Charge O'Shaughnessy and have sent one in reply," he said.

Secretary Bryan left the cabinet while it still was in session to go to the state department and send some dispatches. He was silent as to their nature but it was understood that the word had gone back to Huerta that a simultaneous

salute would not be accepted and that Charge O'Shaughnessy was advised that the United States would insist on its demand.

Officials expressed the view that Huerta has been listening to "bad advice" during the last two or three hours and after he promised Mr. O'Shaughnessy yesterday that he would give the apology.

Blockade Is Discussed.
Meanwhile it was emphasized that no counter orders had been issued to the battleships speeding to the Mexican coast. A blockade of Mexico and other drastic measures were discussed in official circles. Those well informed declared that if within the next few hours Huerta did not comply entirely some announcement of what definite steps would be taken to compel his apology would be made in Washington.

Other members of the cabinet said Huerta had been informed that no simultaneous salute will be acceptable to this government.

Huerta Fears Humiliation.
It was learned that one of the causes of Huerta's latest parley was a fear that should he give the salute demanded the American ships might not return it and thus leave him in a humiliating position. It was said that he would order the salute if assured that the United States would comply with the international amenities and acknowledge it. Word that the United States would acknowledge his salute according to custom and precedent went forward to Mexico City.

Secretary Bryan announced that later today he would make public the text of Rear Admiral Mayo's original demand in which he agreed to return the salute of the Mexican commander at Tampico.

The sending of the message to Huerta stating emphatically that the United States would not accept his counter proposition for a simultaneous salute, the Mexican discussion at the cabinet meeting ended and attention was given to other affairs. It was apparent that the cabinet officials believed Huerta would yield all the points demanded by the United States but that they were ready to back up every demand.

Fletcher Makes Report.
Rear Admiral Fletcher at Vera Cruz, reported today that he took over the Ward liner Esperanza at Vera Cruz yesterday afternoon and placed aboard her a guard and a detachment of signal men. He has also taken on a few refugees. He does not say whether it still will be necessary to send the Esperanza to Tampico. He reports the return to Vera Cruz from Mexico City of Lieut. George McQuinn, an aide on his staff, but he does not say what the officer's mission to Huerta's capital was.

Admiral Fletcher has cancelled the charter of the Ward liner Guanacama. Secretary Daniels explained today that immediately upon receipt of Rear Admiral Mayo's report of the Tampico incident he called the navy general board into conference and found the members unanimous that the salute demanded by the American officer ought to be returned as an act of courtesy.

11 PERISH IN NEW YORK FIRE

(Continued from Page 1.)

Only part of the ten bodies taken from a theatrical boarding house that occupied half of the building could be identified, the others being charred beyond recognition. The identified dead are: William Wallace, 46 years old; Mrs. Nellie Wallace, his wife; Mrs. Nellie Spencer, a cloak model; Mabel Davis, three years old; Mrs. George C. Davis, who died in a hospital without regaining consciousness.

The injured are: Joseph Messner,

Martin Welsh and Charles Burke. The others are less seriously injured.

In Pile of Waste.

The fire started in a pile of waste in the basement of a five and ten cent store which occupies the ground floor of the building. It spread rapidly up stairways and shut off escape by them. There were no fire escapes in the front of the building and the large number of dead and injured was due to the refusal of the panic-stricken people to remain in the front windows, where many were rescued. All of the dead and injured were taken from the rear of the building where they were caught while attempting to reach the roof and fire escapes. One man was killed in trying to escape over roofs.

Many Thrilling Rescues.
The fire was under control in less than an hour but in that time many thrilling rescues were made by the firemen working from ladders in front and from windows in a nearby tenement building.

Captain Smith, who was suspended by his feet from a window prevented Louis Boylan from being d shot to death when a ladder broke on which he was crawling from the burning tenement. Captain Smith seized Boylan and held on to him until both could be dragged to safety.

The proprietor of the rooming house, a negro janitor and several rescued occupants of rooms in the building were summoned to appear before Coroner Hesley, who instigated an investigation.

Three victims were identified later as Michael Delany and his wife Della, and M. Scott, manager of the New York office of the Rossiter Music Publishing company.

Forecaster Palmer Says

Rain is Due Yet
Today.

PASSES THE 70 MARK

At 2 o'clock this afternoon Weather Forecaster W. S. Palmer stated that the government thermometer registered 75 degrees, the warmest since October 10, 1913.

Today was the hottest day in Fort Wayne since last October. At 1 o'clock this afternoon the government thermometer on the Shoff building registered a temperature of 72 degrees. The second warmest day was Thursday of this week when the temperature stood at 68 degrees for about one hour. On October 15, last year, the temperature was 74 degrees and late this afternoon Weather Forecaster W. S. Palmer stated that in all probability that mark would be reached some time during the afternoon.

He predicts rain for tonight with a slight drop in temperature Saturday. We will then be in line, according to the weather authorities, for a siege of typical April showers.

OF F. W. & N. I. T. CO.

A party of eastern capitalists, including sons of the late Anthony Brady, of the Brooklyn Rapid Transit company, arrived in Fort Wayne in a special car over the Lake Erie & Western Thursday evening and spent the greater portion of the night with officials of the Fort Wayne & Northern Indiana Traction company. The party was en route from Newcastle in Detroit. The company which they represent is rated at more than \$110,000,000 and paid income tax approximating \$687,000.

The Bradys are interested in the finances of the Fort Wayne & Northern Indiana and have other business holdings in Indiana, among them some of the preferred stock in the Maxwell Motor Car company at Newcastle. One of the biggest firms in which they are now active is the Central Trust company in New York.

J. Levering Jones, of Philadelphia, former president of the Fort Wayne & Northern Indiana Traction company, also reached Fort Wayne Thursday evening and is spending the day in business conferences with President J. M. Barrett, Treasurer H. C. Paul and General Manager Sam W. Greenland of the traction company. Last night they entertained the eastern capitalists at dinner at the Anthony hotel, and later, in automobiles, visited the power plant on Spy Run avenue.

KITCHEN KINKS.

To prevent window blind cords breaking, dust the cords and then rub them over with a well-greased rag. The snapping is caused by friction, which improves the cords, and they are further weakened by the sun and weather.

It is an excellent plant to keep in the kitchen a bottle filled with equal parts of linseed oil and lime water, to alleviate the pain of burns. Shake the bottle well before using the lotion, and keep the

burned parts from the air by covering with lint.

Lemons may be kept a long time without becoming dry if put into a jar of water with a lid. The water should be changed once a week if the lemons are to be kept long. When used they will be quite as firm as when fresh, and, if anything, more juicy.

An Everyday View of the Next Sunday School Lesson

SUNDAY, APRIL 19, 1914.

Topic, "The Cost of Discipleship"—
Luke 14:25-35. Golden text, "Whosoever
would save his life shall lose it; and
whosoever shall lose his life for my sake
shall find it." Matt. 10:26. (R. V.)

It was generally a hungry crowd that
followed Jesus; sometimes hungry for
food, but usually hungry for benefits of
some sort. They all recognized some-
thing unusual in his presence, and some
of those who were Jews had great heart
hopes that he might indeed be the prom-
ised Messiah. We read that many who
followed Jesus in the crowd, or sat by
the wayside as he passed, were blessed
by him. The woman who had been sick
for twelve years; the two blind men,
when he was on his way to the house
of Jairus; Bartimeus and another blind

man who stopped Jesus on his way
from Jericho.
Hating Father and Mother (Luke 14:26).
What! Must one have his heart full of
hate in order to be a follower of the
Lord Jesus? Surely Jesus could not
have meant "hate" as we know it, which
is a malignant feeling that may bring
about murder. Wise men who have pon-
dered well this passage tell us that
Matthew 10:37 expresses the true mean-
ing of Jesus' words: "Love thy father or
mother more than me." And they advise
us that "our Savior's meaning is to be
extended no further than to a readiness
and willingness, whenever God shall call
us to it, to quit all our temporal in-
terests and enjoyments, and even life
itself, the dearest of all other things
to us, and to submit to any temporal in-
convenience and suffering for his sake."
The apostle Paul, when he was warned
that bonds and afflictions awaited him in
Jerusalem, did not hesitate to press on,
but said: "None of these things move
me, neither count I my life dear unto
myself." (Acts 20:24.) We find many
instances like this, as we hear or read
the stories of missionaries who have gone
forth into the dark places of the earth
to testify to the gospel of the grace of
God. They do not "hate," but they just
let go.

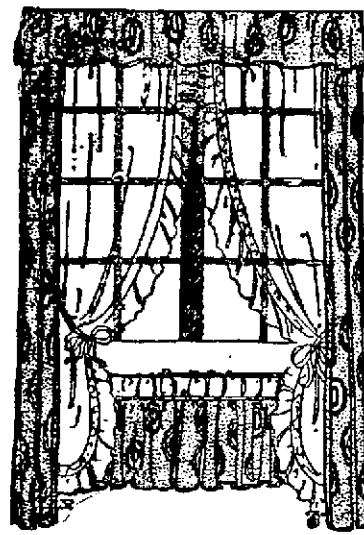

Bearing the Cross (Luke 14:27).
Take two sticks, one a little shorter
than the other. You can not make a
cross out of them unless you lay one
over against the other. Neither can you
make a cross in your life unless you
set up your will against God's will.
When we have learned to love the things
which God loves, and to hate the things
which he hates, there can be no cross in
our lives. But Jesus knew full well that
it is in human hearts to do their own
pleasure, have their own way, and it is
not until we are born again that we
would rather do God's way than our
way. So self-will is one of the things
which will appear in our lives until the
end. Blessed shall we be if it is only
the shadow and not the bitter cross of
disappointment and defeated aspirations.
Tissot, the great painter, won his fame
in painting the portraits of noble and
beautiful women, principally in France,
but through the love of God shed abroad
in his heart, there was developed in him
a determination to paint the life of the
Lord Jesus so that all the world might
learn to know him and love him. So
Tissot left his beautiful and elegant
home and surroundings and gay scenes in
Paris, and went to Palestine, rocky and
barren, inhabited mostly by Arabs and
degenerates, and he lived there many
years, riding about on horseback, sketch-
ing the places where Jesus walked and
taught and suffered, by the Sea of Galilee,
on Mount Olivet, on Hattin, Gethsemane,
Golgotha, and into these sketches he
put the figure of Christ, sometimes
alone, and sometimes with his apostles
and others of his followers. Tissot fol-
lowed his Christ to Palestine, but he
found joy in the isolation that would
otherwise have been a great cross to
him. "He that loveth his life for my
sake shall find it." (Matt. 10:39.) It
may be realized in every life whether the
affairs in that life are large or small. In
fact, it is the only way to keep sweet
in the environment where we find our-
selves, either in private or in public life.
Let us aim, then, to make our life Christ-
centered.

(Counting the Cost Luke 14:28).
"Making over lost souls for \$2.65
apiece. A wonderful work begun by four
hoboes." This is the heading we saw in
the World's Work, more than a year ago.
It was the story of four men who had
floated about the country for years,
knowing no home, no friends. Each one
bore the unmistakable mark of the
"hobo," and each had come to the city
in the hobo's common carrier, the freight
train, or had ridden "blind baggage" be-
tween the mail cars of the "limited." One
was a college man and had been
raised in a Christian home, the second

what they called the "Inasmuch Associa-
tion," the platform of which they drew
up as follows:

"We, with all humility, being four
men who have been to the very gates of
hell, and who only through the gracious
love and saving power of our Lord and
Master Jesus Christ, have been redeemed,
herewith, this 1st day of February, 1911,
consecrate our lives to him and his work;
our object and endeavor shall be, by the
love, grace and power of God, through his
Son Jesus Christ, to redeem the
fallen, giving aid, help, comfort, strength
and sympathy, both material and spiri-
tual, to the needy, and to do his blessed
will, as he reveals it to us at all times
and at all places, to hasten the coming
of his kingdom."

And what has been the outcome? On
March 24, 1913, the Inasmuch mission
celebrated its second birthday. Conver-
sions were reported, believed to be sin-
cere, to the number of 1,453. Dividing
the amount of expenditures, \$3,871.63, it
was computed that the average cost to
set a man on the road to better things
is exactly \$2.66. In the first year 28,040
men and women attended the nightly
services; 11,173 lodgings and 32,162 meals
were furnished and eighty-four children
were enrolled in the Sunday school.
Through a gradual change in the senti-
ment of the neighborhood, and with the
hearty co-operation of the city adminis-
tration of Philadelphia, forty-five disor-
derly houses were closed.

The "platform" is recommended to all
"respectable sinners" as well. Quite an-
other estimate may have to be made of
what it costs to save a lost soul. It may
not be computed in dollars and cents,
but in so-called "privileges and pleas-
ures." Can I give up these harmful or
questionable things for the sake of the
Lord Jesus? Many young persons and
older ones, too, have sat down with this
question, and deliberately answered,
"No." What a small measure they took
to calculate life with! Set beside it the
measure which Christ gives, the hundred-
fold of blessing which shall be received
even in this world, to say nothing of the
world beyond. (Mark 10:29.) Believe
it, Jesus Christ is the only source of
happiness, and youth is the time in
which to learn this lesson. In older age
it can only be learned with bitterness
mixed with regret.

Salt Without Savor (Luke 14:34).
In our land we are not accustomed to
see salt spoil, but it was different in Pal-
estine when Jesus spoke these words.
Dr. Thompson in "The Land and the
Book," vol. II, pages 43-44, says:

"I have often seen just such salt, and
the identical disposition made of that
our Lord has mentioned. A merchant
of Sidon, having formed of the govern-
ment the revenue from the importation
of salt, brought over an immense quan-
tity from the swamps of Cyprus, enough

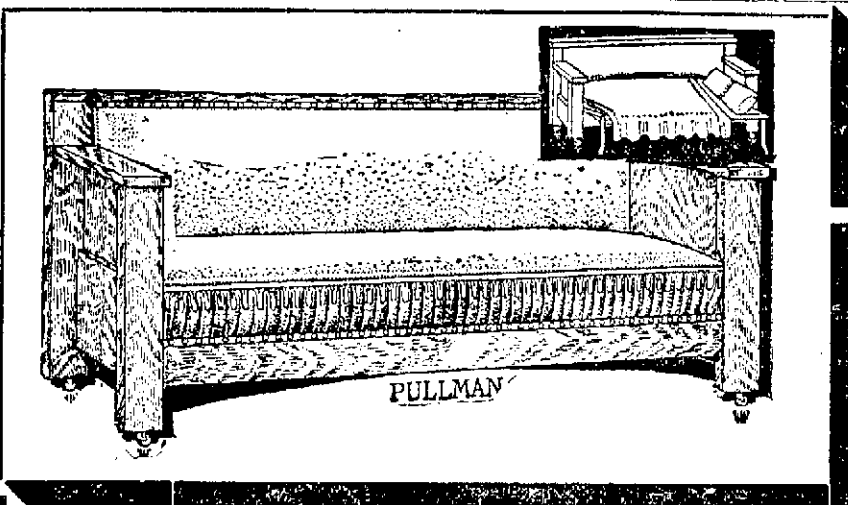

in fact to supply the whole province for
at least twenty years. Sixty-five houses
in June-Lady Stanhope's village—were
rented and filled with salt. These houses
have merely earthen floors, and the salt,
next to the ground, in a few years, un-
dermined, spoiled. I saw large quantities of
it literally thrown into the street to be
trodden under foot of men and beasts."
(Matt. 5:13.)

A good person gone wrong—this is the
salt without savor. What a calamity for
men and women to lose the savor of

Christianity out of their lives, a calamity
for themselves and for the whole
world looking on! Can they never get
it back again? The commentators tell
us, "The question is not if a man lose
his grace, how shall that grace be re-
stored to him, but since Christianity is
the salt of the earth, if men lose that,
what else can supply its place? As to
individuals, God says: 'I will heal their
backsliding. I will love them freely.'"
(Hosea 14:3.) The history of the Israel-
ites in their wanderings and in captivity

is filled with evidence that God can and
does heal backsliders. Let us hold out
this hope to those who have fallen under
the lash of Satan. Let us do all we
can to help them.—Dr. and Mrs. Wilbur
F. Crafts in Christian Herald.

THE SENTINEL'S DAILY SCRIPTURE READING.

Ecclesiastes 8:1-14.

- 1 Who is as the wise man? and who knoweth the interpretation of a thing? a man's wisdom maketh his face to shine, and the boldness of his face shall be changed.
- 2 I counsel thee to keep the king's commandment, and that in regard of the oath of God.
- 3 Be not hasty to go out of his sight: stand not in an evil thing; for he seeth whatsoever pleaseth him.
- 4 Where the word of a king is, there is power: and who may say unto him, What doest thou?
- 5 Whoso keepeth the commandment shall feel no evil thing: and a wise man's heart discerneth both time and judgment.
- 6 Because to every purpose there is time and judgment, therefore the misery of man is great upon it.
- 7 For he knoweth not that which shall be: for who can tell him when it shall be?
- 8 There is no man that hath power over the spirit to retain the spirit; neither hath he power in the day of death: and there is no discharge in that war; neither shall wickedness deliver those that are given to it.
- 9 All this have I seen, and applied my heart unto every work that is done under the sun: there is a time wherein one man ruleth over another to his own hurt.
- 10 And so I saw the wicked buried, who had come and gone from the place of the holy, and they were forgotten in the city where they had so done: this is also vanity.
- 11 Because sentence against an evil work is not executed speedily, therefore the heart of the sons of men is fully set in them to do evil.
- 12 Though a sinner do evil an hundred times, and his days be prolonged, yet surely I know that it shall be well with them that fear God, which fear before him.
- 13 But it shall not be well with the wicked, neither shall he prolong his days, which are as a shadow; because he feareth not before God.
- 14 There is a vanity which is done upon the earth; that there be just men, unto whom it happeneth according to the work of the wicked; again, there be wicked men, to whom it happeneth according to the work of the righteous: I said that this also is vanity.

Postoffices and Politics.

There is daily cropping out new evidence to the general effect that those who may suspect that presidential troubles just now are confined to the Mexican situation and the canal tolls question have overlooked a persistent and painful thorn in the administration side—to wit, the postoffices. The affliction is not a new one. It has beset all of Mr. Wilson's predecessors, but it has now reached a stage at which the present administration has made up its mind that something must be done about it. Those close to President Wilson now make the prediction that if the next congress is democratic in both branches, the first, second and third-class postmasterhips will be absolutely divorced from politics.

This is now the hope of the president. It would have been sheerest folly to ask the present congress to enact legislation of that kind. The members needed to experience some of the woes that come from selections, no matter how carefully made. It is said that fully two score of the present members of the house are in danger of defeat by reason of the quarrels at home engendered by their postmasterhip recommendations. They would eagerly seize upon any pretext to escape stirring up strife, and are likely to hail with joyous acclaim any system that will enable them to keep out of the postmasterhips turmoil. Some of them needed a bit of experience to enable them to grasp the weaknesses of the present system. They are unquestionably getting it.

It is known that the program of the president contains a proposition to take the postoffice department out of politics before his term is ended. It is admittedly a big job, difficult because the republicans have just as certainly subscribed in practice to the victor and spoils theory as have the democrats, though not so frankly admitting adherence to the Jacksonian dictum.

It is going to be a rather difficult job for those who plan to deceive Uncle Sam in the matter of the income tax to get away with anything of this sort. Announcement is now made from Washington that the government is about to send out a crew of sleuths whose especial mission is to trail the income tax dodgers. The man who attempts to outwit the federal government may cajole himself for a time into the belief that he is succeeding, but he is merely storing up trouble for himself.

"General" Jacob S. Coxey is making a rather dismal sort of spectacle in getting away for Washington with his second "army of the commonweal." Instead of leading an imposing pageant of the unemployed, the Massillon apostle finds himself at the head of a scattered and motley company, few in number and hopeless as an organization. The Coxey movement today is a dismal failure, both as to novelty and impressiveness.

Arbor day is being observed in Indiana today more generally than ever before, and while the hope of the state forestry board that one million trees be planted on this date may not be realized, it is certain that the number will be no inconsiderable total. Arbor day is one of the institutions that has always deserved a great deal more popular attention than it has received.

Seven hundred telegrams to the president, arriving in two days from men of all shades of political faith and representing every section of the country, bring Mr. Wilson endorsement of his position demanding the repeal of the canal tolls exemption. The president certainly has a happy faculty of lining up with the people on problems as they arise.

Our Forefathers Demanded Quality

The Sons Added Style--- We All Seek Economy

Too often though, is low first cost put first, these days, and it looks very much as though our children would have to learn the lesson all over again that; "a cheap article is dear at any price."

Few indeed would hire unskilled labor to do skilled mechanics' work just because the hire would be cheap. Why then expect a cheap suit of clothes to do you justice before a critical world.

We Sell Suits as Cheap as \$10

And while they are the biggest values we possibly can find to sell at that price we do not advise you to buy them--no one can give you more than your money's worth. Fine tailoring alone on a suit is worth more than \$10, at union prices and the cloth and trimmings and selling expenses have to be added.

We do have good clothes at \$15, \$20 and \$25, and we consider the \$25 suits the cheapest in the long run--They're sold on the smallest margin of profit, too.

PRESS ON PROPOSED COLOMBIAN TREATY.

Was Made Plain.

Philadelphia Press: "That the United States was willing to negotiate with Colombia for a settlement of her grievances was made plain by every secretary of state since Panama became independent."

Fair and Honorable.

Chicago News: "The United States now promises to pay Colombia approximately \$25,000,000 for the canal zone. It is simply in settlement of any real or fancied claim Colombia may have. This promised action seems to be fair and honorable."

Disbanded Money.

Baltimore American: "Heretofore the Colombians have demanded more money reparations and have demanded an acknowledgment of wrongdoing. That was out of the question."

Will Not Do.

Chicago Tribune: "This treaty will not do. It will doubtless be rejected by

the senate, and deserves to be. Its making at this time is extremely unfortunate."

Doubtful.

Savannah News: "It is doubtful if Colombia cares very much about how sorry the United States is for what Calvo-Roosevelt did. She is much more interested in that \$25,000,000."

Grounds of Grievance.

Atlanta Journal: "Colombia seems to have had grounds of real grievance. Our government has shown wisdom and integrity in its offer of settlement."

Not on Colombia.

Chicago Tribune: "If we have \$25,000,000 to spare in the national treasury, let us spend it on something useful, not on Colombia. Let us spend it on a national highway from coast to coast, or, say, on battleships."

Country Not Sorry.

Detroit Free Press: "To say that the United States is sorry for what it has done will be to tell nothing less than a hypocritical lie. The country as a whole is not sorry. It is glad and proud of its act and of the results that have grown out of it."

LIMITS AND AMBITIONS.

(South Bend News Tribune.)

Every one has a limit. Disease, accident, competition of others, obstruction by natural laws may make that limit, regardless of our thinking. Our salvation lies in the fact that we don't know our limit, and so we wisely go struggling onward and upward. We can not think ourselves into any sort of substantial success. We may think ourselves into a state of complete self-satisfaction, but that state is per se a limit, and it is one of the most dangerous of limits. To say that we are unlimited in possibilities is to say that we are creators, which we are not, nor never can hope to be. We simply rearrange arranged things. This is a vast field that we have as yet barely touched, and we might say that its possibilities are unlimited, while present day man in that field is limited. That ignorance

is what keeps progress going. Complete mastery, perfection, is the bundle of sweet hay tied upon man's bridle, just out of reach of his mouth, to make him keep up a smart gait toward home. He thinks he can get it. He keeps on going. It is well.

VACATION EMPLOYMENT.

(Evansville Courier.)

The great mistake made by the boys in seeking vacation employment is in securing work that pays large wages, but leaves nothing of value in the mind of the worker. If one intends to make mechanics his life labor, let him work in some machine shop; the work is hard and dirty, but the practical experience and aid in theoretical knowledge makes up for the physical discomfort. Employers, electric or civil or telephone engineers can pick up vast experience in three months dubbing around the many plants or the telephone exchange. Facts, not theories, of salesmanship can be found in the shipping rooms and offices of wholesale and retail establishments, although a clerk behind a counter gets more pay than the beginner in an office.

"You Always Look Right and Feel Better in a Gossard Corset"

This statement, made by a multitude of the women in all parts of the world, is a remarkable tribute to Gossard design and the front-lacing principle.

To look right and feel better is the ambition of every woman. To do this you must begin with your corset. It affects your health. Your health affects your appearance. Your corset affects your feeling. You never feel right if you are conscious of your appearance.

Take the time today for a Gossard fitting. SEE the difference and feel the difference in these wonderful corsets.

A fitting does not obligate you to buy. It only affords us an opportunity to show you how easy it is to "look right and feel better."

Gossard Corsets are sold at \$2.00, \$3.50, \$5.00, \$6.50 and \$8.50.

CEREMONIAL IS WELL ATTENDED

Nearly Eighty Pilgrims Join Caravan for Mizpah.

VAUDEVILLE FOLLOWS

With much pomp and due ceremony a caravan composed of about eighty pilgrims moved across the hot sands of the desert of Indiana at 4 o'clock this afternoon in the spring ceremonial session of Mizpah temple, Ancient Arabic Order of the Mystic Shrine, and when the pilgrimage reached the oasis of Fort Wayne and bowed before the shrine of Mizpah the business session of the gathering of nobles was practically at an end.

Owing to the fact that the ceremonial session followed the annual spring convocation of Scottish Rite Masons, closing Thursday night, the attendance, it is said, exceeds that of a year ago. Last year the ceremonial session followed one week later than the Masonic convocation. It is estimated that 300 nobles will have visited the new shrine temple on West Main street during today and this evening. This is the second ceremonial Mizpah has held in its new temple.

It is a long standing belief among those who are affiliated with the "playground of Masonry" that candidates are always hungry, and members of the en-

tertainment committee and house committee are authority for the fact that all nobles have monstrous appetites. With this in mind arrangements were made to serve a buffet luncheon during the afternoon and evening and the bustling is one of the special features of today's ceremonial.

The caravan of novices will not rest at the oasis until 8 o'clock and at 9 o'clock a vaudeville show will be staged.

COLONEL MILLIS TALKS OF CANAL

Chief of Army Board Says Meeting Will Be Held Here Soon.

WAS IN SOUTH BEND

Colonel John Millis, of the board of army engineers, who recently made a visit to South Bend for a conference with the engineers and surveyors for the Lake Erie-Lake Michigan waterway, talked about the canal project at some length, and the South Bend Tribune publishes the following:

Col. John Millis, senior member of the board of army engineers which is at the head of the Erie-Michigan canal project was in South Bend Saturday personally investigating matters pertaining to local problems in connection with that matter. The fact that conditions here were worth the personal attention of the head of the board is deemed of exceptional significance by men closely in touch with the work of investigation and points to the probability that South Bend will be on the canal route.

The visit of Col. Millis at this time is of utmost importance in view of the fact that it immediately precedes the meeting of the board at Fort Wayne about May 20, when the work of the junior officers who have previously worked in South Bend will be considered. It is probable that at this session, which will be executive meeting, the board will formulate what will be done. Col. Millis yesterday said that while this meeting was not public, it would be well for South Bend to have a representative present at that time, and such a representative would be acceptable to the board. It is probable that Richard Elbel will go to Fort Wayne at that time.

While here Saturday and yesterday, Col. Millis examined physical conditions east and west of South Bend and also at Warsaw, Ind., which are offering problems to the engineering corps. Two or three modifications may be necessary in the Harris course east and west of here, it is understood. In particular it will be necessary to adopt a lower summit level at Warsaw.

Important changes in the senior board having the canal project under supervision appear to favor the chances of South Bend for landing a place on the route. Col. Judson, now in charge of the department of the lakes at Chicago is soon to be made a member of the board and his sympathies, it is understood are with the local route. Major Charles Brownell, of Cleveland, is soon to be transferred to the Sandwich islands and it is probable that Col. Judson will fill his place.

Col. G. A. Zinn, formerly at Chicago, has been stationed at Philadelphia, Pa., but continues as a member of the board and Col. Millis, who was formerly at Cleveland is now at Newport, Conn. It is understood that Col. Millis favors enthusiastically the Harris route. He left yesterday for Detroit, Mich., following an interview with Mr. Elbel and U. G. Manning, and from Detroit, he will go to Boston.

PIER THEATER IS BURNED.

Suffragettes Use Bomb at Great Yarmouth, England.

Great Yarmouth, England, April 17.—The theater on the great recreation pier here was destroyed today by a fire caused by the explosion of a bomb left under a seat by a militant suffragette. At 4 o'clock this morning a violent explosion woke the inhabitants of Great Yarmouth. A few moments later the theater at the end of the pier broke into flames. It was recently built at a cost of \$100,000. The usual suffrage literature was found strewn along the pier and on the beach.

Your Grandmother's Remedy for Purifying the Blood

And Renovating the System in the Springtime
ASK FOR SULPHUR TABLETS

What was grandmother's unexcelled remedy? Haven't you heard of it? Yes, you have! It was sulphur, cream of tartar and molasses. The main trouble with it was its nauseous taste. A modern method puts the cream of tartar and sulphur into a sugar-coated tablet and mixes them with herbs, roots, etc., making a wonderful tonic and blood purifier and system cleanser. Just try Sulphur Tablets (not sulphur tablets), but Sulphur—remember the name—and get the tablets in sealed tubes at 50¢ per tube. (Grown-up people and children who don't feel well, who are constipated or sluggish, or who have pimples, boils, carbuncles, ulcers and the like, can soon rid the system of these impurities by taking this good old-fashioned remedy in modern form. Their action satisfies or money is refunded by the Prescription Products Company, Dayton, Ohio. A free trial sent to any address. Buy of any well-stocked druggists.

SAYS IT DOES NOT

Topeka, Kan., April 17.—Is prohibition reducing the rural school population of Kansas? This startling question has come from Utah and Virginia to State Superintendent of Public Instruction W. D. Ross since the statement went out from his office a few weeks ago that the rural school population was decreasing. The figures show that Kansas is maintaining 2,900 schools in which there is an enrollment of twelve pupils or fewer, that there are nine schools with only one pupil each, and that 200 schools in remote and thinly populated districts has been discontinued for the present year.

Reply by Ross.

Supt. Ross, however, denies prohibition has anything to do with this condition. In a letter replying to an inquiry about the matter, he says in part:

"The matter of prohibition has no more to do with bringing about this condition than it has to do with our decline in rural church attendance on the one hand, or with the kind of weather we have on the other.

"If the situation shows anything it is this: That the people of this state no longer are satisfied with the small one-teacher school and that they are closing these schools and sending their children to larger and better schools. We have in operation at this time eighty consolidated schools in country districts which have taken the place of 200 isolated one-teacher schools. This means that 120 such schools have been abandoned; not for lack of pupils, because the pupils are sent to the consolidated schools; and not for lack of money, because consolidated schools cost most than the small schools they have discontinued.

Loss of Population.

"To be sure, in some portions of the state, on account of partial failure of crops for several years in succession there has been a loss in population, the result of which has been to leave some of our districts with a small number of pupils; but the fact that the schools are maintained under such circumstances means that even here our people are willing to pay the wages of a teacher and the expense of operating a school so as to provide every child in the state with good school privileges regardless of expense."

Mr. Ross then quotes figures to show that since the enactment of the prohibitory law not only has the increase in school population kept pace with the increasing population of the state, but also that the average daily attendance and the average length of school term have increased about one-fourth.

IF MEALS SOUR AND TURN INTO GAS, TAKE SODA

When everything we eat turns to gas and we eructate sour food and acid fluids it means there is an excess of hydrochloric acid in the stomach, says a noted authority. This irritating acid retards the process of digestion and promotes food fermentation. Our meals sour in the stomach like garbage soured in a can, forming gases which inflate the stomach like a toy balloon, causing a heavy, lumpy misery in the chest, constant belching of gas, sour risings or heartburn, fullness and often nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy a package of 10 grain Soda-gin tablets and take one tablet anytime followed by a tumbler of water which will instantly neutralize acidity, stop food fermentation, absorb the gases and sweeten the entire digestive system. He further states that those troubled with chronic acidity should take one tablet regularly, an hour after meals for a while, as this simple antacid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate.

"Dustless" Vacuum Carpet Cleaner and SWEEPER

Ballbearing Operated just like a carpet sweeper as illustrated, to which it is in every way superior. Easy to operate, practical and durable.

It is doing daily duty, in thousands of homes—housewives in all parts of the world are using its powerful suction to keep their homes free from dust.

Many housewives are really startled to see the amount of dirt it removes from carpets and rugs which look clean to them—which they thought were clean.

The "Dustless" Vacuum Cleaner requires no electricity, no hand pumping; you simply run it over the floor like a carpet sweeper and the turning of the wheels creates a vacuum which draws all the dust, dirt, germs, mites, etc., from on top and beneath carpets and rugs into a bag inside the sweeper. Thus you actually get rid of the dust instead of stirring it up to breathe or settle again.

With the broom woman fights dirt and dust which is breathed into the lungs and dust is the chief cause of lung disease, especially pneumonia and tuberculosis.

It is dangerous for a child to creep or play on a carpet or rug that is not vacuum cleaned—because he is right down amongst the bugs and bacteria.

All disease has a cause. You can sidestep the cause and elude disease, if you keep your floors free from death-dealing bacteria and microbes by the use of our "Dustless" Vacuum Cleaner.

SPECIAL PRICE—FREE TRIAL.—To any of the first 15 women in your city who send us \$3.10 and the names and addresses of 10 housewives you believe would be interested in the purchase of our Vacuum Cleaner, we will ship one machine prepaid and allow you 15 DAYS FREE TRIAL. If the cleaner is not entirely satisfactory return it to us within 15 days at our expense and we will gladly refund your money.

Why It Is a Favorite.

There are good reasons why Chamberlain's Cough Remedy is a favorite with the mothers of young children. Read what one of them says of it: "There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all dealers.--Adv.

A Single Application Banishes Hair from Face

(Beauty Topics.)

Here is a way to remove obnoxious hair growth while you are preparing your toilette for the evening: Mix into a stiff paste enough powdered delatone and water to cover the hairs not wanted. Apply, and in about 2 minutes rub off and every trace of hair comes with it. Washing the skin to remove the surplus delatone leaves it soft, clear and free from a blemish. To insure success, be certain that you get real delatone.--Adv.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT DANDERINE

Girls! Girls! Save your hair! Make it grow luxuriant and beautiful.

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness

and itching of the scalp; the hair roots fall out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it--no dandruff--no itching scalp and no more falling hair--you must use Knowlton's Danderine. If eventually why not now?--Adv.

Harlan high school and doing well. He is an enthusiastic basket ball player and has learned to read and write English.

Augustine Verdin, who expects also to get an education and become an American citizen, tells a pathetic story of the Mexican revolution, how he was imprisoned, how he escaped and his longing to see his brother. Augustine was a telegraph operator in Mexico City. Four months before the end of Diaz's regime he was assigned to the palace as an operator. Later he was employed by De Labarra, the provisional president, and during this period of employment he was the president's private telegrapher and was also under secretary to De Labarra. When Madero was elected he was the assistant to Juan Sanchez Azcona, who was at that time private secretary to Madero. When General Blanquet, now the minister of war, arrested Madero, Augustine was present, but he was not molested.

Augustine was recalled by Huerta to work as a telegrapher because he knew the government's secret code. Two months later, Augustine, not being in sympathy with Huerta's policies, resigned and for some time after was constantly shadowed. Six months later he was incarcerated in the military prison at Cuernavaca, and for three days he received no food or water. From the prison he was sent under guard of 100 Mexicans with Eustacio Angeles, the nephew of the rebel general, to San Juan de los Rios island. Here he was kept for five days and then transferred to Vera Cruz.

Augustine was thrown into the Territorial Prison at Fort Wayne, but his father, whose name is also Augustine, after spending \$5,000 Mexican money and bringing influence to bear, procured his release. By a system of ingenious scheming he took refuge in the United States consulate and took the American line boat City of Mexico to New Orleans. From New Orleans he came direct to Harlan and has been here for about five weeks, although few people in the country knew that he was here.

Verdin believes that the war in Mexico will be over in five months. Carranza will be the next president, he says.

"I feel in sympathy with Carranza," he said, "because he is a man of high moral character. But I would not go back to Mexico for anything. If I did I would get shot as soon as they found out who I was. It looks to me now as though the rebels will be victorious, but that is a horrible business down there. I am thanking my lucky stars that I am out of it. Here in this country I like it. I have been treated nicely since I have been here and my brother, Jose, thinks this is one of the green spots of the earth. I have begun to think so myself."

STRANDED IN BLUFFTON.

"Angel" of Fort Wayne Auto Party Forced to Raise the Wind by Wire.

Bluffton, Ind., April 17.—A party of automobile joy riders from Fort Wayne were tied up in Bluffton for a goodly part of yesterday, all of them looking sleepy and the host broke. After taking a joy ride of several hours the chauffeur came to the conclusion the "angel" was not flush with money and demanded his fee. This is where the trouble began for the party. The head of the gang, a cripple fellow wearing a yellow raincoat, flashed a check for \$15 upon the chauffeur, the check being drawn on an Indianapolis bank. This the chauffeur took to George Albright with a request that he query the bank. Word came back that the piece of paper was worthless, and the driver, Nussbaumer, by name, refused to budge out of town until he saw the color of his fee.

About 2 o'clock in the afternoon the crippled fellow, who turned out to be Jack Doyle, got \$15 by wire from Chicago, paid the driver and proceeded to Muncie. The parties then made an explanation of the transaction by stating that the driver was Earl Nussbaumer, accompanied by his wife, and with them Mr. and Mrs. Stump, who run a road house near Fort Wayne. They said that Doyle had been drinking at the road house Wednesday night and spending money very freely. When he suggested an automobile ride to Bluffton and Montpelier they consented a young lady accompanying Doyle and the balance of the party. When they bought some gasoline in Bluffton Wednesday morning they said Doyle was short and they positively refused to pay his bill.

VAN WERT VETERAN DEAD.

Van Wert, Ohio, April 17.—Word has been received in this city announcing the death of Samuel J. Diehl, an aged resident of Logan street, at the soldiers' home at Dayton, Tuesday. Mr. Diehl was but recently taken to the institution, owing to his failing health; he had been failing for the past two years, so that his death was not unexpected. He was 74 years of age, was a veteran of the civil war, a member of Scott post No. 100, C. A. R., and of the First Evangelical church. He is survived by a widow and the following children: Mrs. Daniel Aken, of this city; Mrs. Ollie Fowler, of Dixon; Mrs. C. C. Brown, of Decatur, Ind.; Mrs. Henry Hovender, of Pleasant township; Mrs. Merrell Oldaker, of Canton, Ohio, and Miss Nora Diehl, at home.

CARRY CRUSADE TO AUBURN.

Auburn, Ind., April 17.—Former Governor J. Frank Hanly and Mrs. Culla J. Vayhinger, state president of the W. C. T. U., will be in Auburn on next Tuesday evening and will address a mass meeting at the Coliseum, beginning at 7:30 o'clock. Former Governor Hanly and Mrs. Vayhinger, together with Oliver W. Stewart, Governor Patterson, of Tennessee; Clinton N. Howard, Mary Harris Armon, Wilbur H. Sheridan and a large number of other prominent men and women orators of this country, compose the personnel of what is known as the "Flying Squadron of America."

AGED WOMAN IS CALLED.

Kendallville, Ind., April 17.—Mrs. John Linder, for many years a resident of Kendallville, passed away at 8 o'clock Wednesday morning at the farm home in Jefferson township. Heart trouble and dropsy were the causes of her demise. Mrs. Linder leaves a husband and two children to mourn her loss—Mrs. Sam Bloomfield and William Ritchey, of Kendallville. With Mrs. Linder she had been living in Jefferson township for nearly two years, previous to that time having lived for some eleven years with her son

NEWS OF FORT WAYNE'S NEIGHBORS

MEXICAN HAPPY IN HARLAN HOME

Augustine Verdin, Assistant Secretary to Late President De La Barra, Flees to Allen County.

Harlan, Ind., April 17.—Augustine Verdin, aged 26, a refugee from torn Mexico, is staying here with his brother, Jose Verdin, well known in this section as "Mexican Joe." Both Mex-

cans are making their home with Scott Dingman, one of the best known men in eastern Allen county. Augustine is a telegraph operator and he was for a time assistant secretary to the president of Mexico. He had been thrown into prison and after being released resolved to leave the land of insurrection and flee to the United States. Jose Verdin is 20 years old and has been in Harlan about eight months. He became acquainted with Scott Dingman, son of Scott Dingman, of Nashville, Tenn., and upon Jean Dingman's promise to give him the means to make a living and get an education came on to Allen county and has since been here. He is a student in the

The DOCTOR'S ADVICE

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given, and the answers should apply to any case of similar nature. Those wishing further advice, free, may address Dr. Lewis Baker, College Building, College-Corpuscular street, Dayton, O., enclosing self-addressed, stamped envelope for reply. Full name and address must be given, but only initials or fictitious names need be used in my answers. The prescriptions can be filled at any well stocked drug store. Any druggist can order of wholesaler.

Trouble is due to kidneys, so am writing for advice. Lately I have had swelling under eyes, and of the feet and ankles, also am feverish, thirsty and weak, with my head aches and the urinary passage is attended with pain and bad odors.

Answer: I have found that bismuth tablets are the most beneficial treatment that any one can use, who is afflicted with disorders of the kidney and bladder. Obtain in sealed tubes with full directions.

"A. L. B." writes: "I advise you to get the following ingredients and mix at home to correct your child's bad habits. One ounce each of: 1. Eucalypti, 2. Camphor, 3. Oil of Peppermint, 4. Oil of Clove, 5. Oil of Sassafras, 6. Oil of Wintergreen, 7. Oil of Rosemary, 8. Oil of Thyme, 9. Oil of Lavender, 10. Oil of Eucalypti. Mix in water and give 10 to 15 drops one hour before meals."

"Miss Anna" writes: "I suffer with very bad headaches which also affect my eyes. My throat and nostrils are affected by catarrh and my breath is very foul. Could you prescribe a cure?"

Answer: I have helped hundreds who suffer as you do by prescribing the following and have received many letters from grateful people which indicate that it is speedily curative: Purchase a 2 oz. original package of vitamin powder, one of warm water and one-half teaspoonful of water from the water from the palm of the hand through the nostrils two or three times a day or until they are thoroughly cleansed, then apply seal up into the nostrils twice daily the following catarrh balm: To one level teaspoonful of vitamin powder add one ounce of last or vasoline. If used according to the above prescription your catarrh should soon vanish. This should be used occasionally to prevent its return.

"Mildred K." says: "Please advise what I can use for a good hair tonic. My hair and scalp are in a very bad condition and nothing seems to help."

Answer: The best hair tonic on the market is sold in 4 oz. jars and is called plain yellow mineral. Any up-to-date druggist will have it. This is superior to anything known for the treatment of the diseases of the hair and scalp. Two or three applications have been known to overcome it, while it makes the hair soft, fluffy and makes it keep its natural color.

"Jane" writes: "My nerves are in a dreadful condition, my appetite is very poor and I am extremely thin. My face is no thin that it makes me very unhappy. I should like you to tell me a true remedy."

Answer: If you wish to become stouter, improve your appetite and your nervous system, I heartily recommend the use of three-grain hypophosphoric tablets, which you will find in any well stocked drug store. In sealed cartons with full directions for taking. Hypo-phosphoric tablets improve the nutrition, add red corpuscles to the blood, strengthen the nervous system and improve the general health. Many people report that they have gained from 10 to 20 pounds in two months.

"Harry" writes: "Both my wife and myself suffer with rheumatism. We would appreciate a reply telling us what to take."

Answer: Mix the following at home or have the druggist mix for you: 2 drams of iodine of potassium; sodium salicylate, 4 drams; wine of colchicum, one-half oz.; comp. essence cod-liver, 1 oz.; comp. fluid hainwort, 1 oz.; and syrup of sarsaparilla, comp. 1 oz. Take a teaspoonful at meal time and bed time. Always shake well before using.

"Geo. W." writes: "More than a year ago I received lasting benefit from one prescription you gave me, and now my

"Speaker" writes: "I am troubled with a tickling sensation after speaking, which is accompanied with a slight cough and hoarseness. Can I get relief?"

Answer: You will not only be relieved, but you will be permanently helped by using the following: Ask your druggist for a 2 1/2 oz. bottle of essence of mentholaxene. This can be taken pure or can be made into a full pint of cough syrup. Full directions are given on the bottle for making. This is very easily made at home and is perfectly safe as it does not contain any harmful ingredients as do most of the so-called cough cures.

"Ida" writes: "I have suffered with stomach trouble and constipation for about two years, and I fear it will cause appendicitis if I cannot get some relief. Answer: I recommend that you get tablets troscopline and take a pink tablet after breakfast, a white tablet after dinner and a blue tablet after supper. This is a very excellent treatment and is widely prescribed for its gradual curative action. Continue this treatment for several weeks and I am sure you will be gratified."

"Samuel B." writes: "My pitiable condition is obviously due to interperia living, but if I can find relief I will surely not disobey the laws of nature again. I am troubled with insomnia, nervousness, weakness, trembling limbs, severe headaches and a general poor health, which unfit me for both work and pleasure."

Answer: A powerful tonic which will improve the nerves, add nutrition and stimulate the organic functions can put you on your feet and make a real healthy man of you. Obtain three grain radiomene tablets, packed in sealed tubes, and take regularly in full directions which accompany each package.

"Overweight" asks: "I wish you would prescribe something to reduce my weight. I could safely take, I desire blood medicine. Can you give a pill or tablet?"

Answer: I find many are like you, and advise that you obtain in sealed tubes 5-grain arbolone tablets. Any accompanying full directions for using. I have found them the most reliable and gradually curative.

"Tom" writes: "I have very poor health on account of long standing constipation. I take medicine all the time, but would like to get something that would cure me."

Answer: More illness is caused by constipation than by any other ailment. You can get plenty of medicines that will relieve, but if you want something that will more than help you I would advise the use of three grain sulphur tablets (not sulphur tablets). They can be bought at any drug store in sealed tubes with full directions for using. I have found them the most reliable and gradually curative.

"Geo. W." writes: "More than a year ago I received lasting benefit from one prescription you gave me, and now my

ROANOKE BOOSTS GOOD ROADS.

Roanoke, Ind., April 17.—For the purpose of teaching the men in charge of roads the best methods in which to care for them and the farmers the benefits to be derived from good roads, the Roanoke Commercial club has arranged for a series of meetings to be addressed by road experts. The next meeting will be held Tuesday night in Roanoke. The first meeting was held Monday night, Augustus Seipel, superintendent of the Liberty Mills road, in Allen county, a highway which has received much commendation, will be the principal speaker.

AGED WOMAN NEAR DEATH.

Hicksville, Ohio, April 17.—The country home of John Walter, about two miles out on the Spencerville road, caught fire in the garret and burned to the ground. With the assistance of the section hands just passing and neighbors they were able to save everything on the first floor and in the basement, and only a few things upstairs were burned. An aged aunt, Mrs. Stransberg, who lives with Mr. Walters and who is an invalid, would have perished if providence had not led Mr. Walters to return to the house, as she could not have saved herself.

CONVOY MAN BURNED BY ACID.

Van Wert, Ohio, April 17.—Durbin W. Leslie, of Convoys, well known in this city, met with an accident at the drug store in that town of which he is part owner, when a bottle of sulphuric acid exploded and cast its fiery contents over his face and body, burning him seriously and probably disfiguring him for life. Mr. Leslie was pouring a part of the contents of one bottle of sulphuric acid into another bottle, which presumably contained some chemical which caused an explosion, for the bottle was suddenly shattered into fragments, throwing the acid in all directions, much of it striking Mr. Leslie in the face.

MOVIES FOR "GO TO CHURCH."

Huntington, Ind., April 17.—"Go to church Sunday" placards have been distributed in the business district of Huntington.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

WILL BE UNABLE TO MOVE. CHILDREN WITNESS TRAGEDY.
Landlords Will Not Receive \$9,000 Persons on Chicago Blacklist. See Father Shoot Mother and Kill Himself at Bellaire, O.

Chicago, April 17. More than 80,000 persons in Chicago will be unable to move on May 1, the annual spring moving day in this city, because of the unwillingness of landlords to receive them as tenants, according to a statement to day by an official of the Landlords' Information and Protective Bureau. "From 20,000 to 25,000 persons are evicted every year for non-payment of their rent," said the official. "More than 80,000 persons have been sued by their landlords. We kept the names of such tenants on our books. Other lists are obtained by working with real estate men and with neighbors of undesirable tenants. This information is given to landlords for their protection."

SLAYS HIS WIFE IN JEALOUS RACE

William Folsom Then Fails in Suicide Attempt at Boonville.

DEED SHOCKING ONE

Evansville, Ind., April 17.—Pushing his wife, Mary, 42 years old, against a hot stove in his home at Boonville, Warrick county, this morning, William Folsom, 52 years old, formerly a prosperous Warrick county farmer, held her while he fired two shots into her heart, killing her instantly.

breast, none of which will prove fatal. The shooting occurred following the wife's denial of charges of intimacy with other men brought by Folsom and her refusal of his demand that she surrender her wedding ring.

The Folsoms are the parents of ten children, ranging in age from 3 to 25 years. Three of the younger ones in the house at the time of the shooting died, fearing their father would turn the revolver on them.

WILL MAKE FERRO-MANGANESE

New Concern to Produce It From American Ores.

Pittsburg, April 17.—An announcement of unusual importance in the iron and steel trade was made here today when it became known that a company had been organized to manufacture ferro-manganese from American ores. Hereto-

fore ferro-manganese has been imported from England and Germany with the exception of small quantities manufactured by the largest industries for their own use. Edward E. Marshall is president and R. L. Wister, of Philadelphia, one of the most important stockholders of the corporation, which will be capitalized at \$12,000,000. The plant will be located at Dunbar, Pa. It was stated.

The "Will" and the "Way." We have the "Will" to sell you your Housekeeping Outfit. You have the "Way" to get the right kind of goods at the right prices by visiting the most up-to-date Furniture and Carpet House in the state of Indiana. Thousands have found that "Way." Have you? NOT YET POSTPONED.

No Arrangements to Defer Wedding of Vincent Astor.
New York, April 17.—No arrangements for a postponement of the wedding of Vincent Astor and Miss Helen Dinwiddie Huntington, set for April 30, have been made, notwithstanding Mr. Astor's illness. This announcement was made at the Huntington country home in contradiction of reports that the ceremony had been indefinitely postponed. A postponement may yet be found expedient, however. Mr. Astor spent a comfortable night and was pronounced "about the same today."

SULZER APPEAL SUBMITTED.

Case Goes Before Court in Lengthy Briefs.
Albany, N. Y., April 17.—The appeal in the mandamus proceedings against the state comptroller, through which William Sulzer hopes to have the United States supreme court pass upon the validity of his impeachment, was submitted to the court of appeals today. There were no arguments, the facts in the case being presented to the court in lengthy briefs. Mr. Sulzer sued out the writ to compel the payment to him of the governor's salary from the time of his removal last October. The lower courts decided against him.

SHOP AND RAILROAD NEWS

TWO FATALITIES IN TWELVE HOURS

Ray Demarest at Upper Sandusky and Henry Miller at Ada.

EACH TRESPASSED
ON PENNSYLVANIA

W. L. Wilt Rounds Out Decade as Chief Clerk of Motive Power.

Two men were instantly killed by Pennsylvania trains in Ohio within the past twenty-four hours. The first fatality was that of Ray Demarest, of Monroeville, a suburb of Upper Sandusky, who had mistaken the Pennsylvania railway tracks for a bed and was lying between the rails, evidently sound asleep, at 8:15 o'clock last evening. Westbound extra freight train No. 2993, in charge of Conductor C. F. Thomas and Engineer E. H. Ashton, ran onto him at a point

250 feet east of the river bridge and dragged and rolled the body along until it was an unrecognizable mass. When the train stopped the engine and thirteen cars had passed the point where Demarest had been lying. A portion of the body lodged on the ties on the bridge, but the greater portion fell down into the water and it was some time before identification could be made. The remains were turned over to the coroner.

The second accident occurred at Ada, O., at an early hour this morning. Henry Miller, a farmer residing two or three miles west of that station, got off an interurban car and walked south to the Pennsylvania tracks, which are paralleled at that point by the electric road, and was struck and instantly killed by the engine pulling eastbound Pennsylvania mail and passenger train No. 54. The deceased was seventy-eight years old and his hearing and sight were greatly impaired by age. Evidently he neither saw nor heard the approaching train. No. 54 was in charge of Conductor Leo A. Kanaga, with Engineer C. A. Prince and Fireman George Nulf in the cab. The remains were turned over to the coroner.

FINE WEATHER FOR RAILROADING.
Not a Train Late in Reaching Terminals on Pennsylvania.

Weather conditions so far as they af-

fect the running of trains on railroads could not be better than at present. This was noticeable yesterday in the movement of trains over the Western division of the Pennsylvania. Not a passenger nor preferred freight train was late in reaching the terminals nor was it necessary to cut out any other freight trains to give the crews a rest. They made their runs within the time limit. This record is not uncommon on that line, but it makes the men connected with the operating department feel good-humored all the same.

TEN YEARS CHIEF CLERK.

W. L. Wilt Rounds Out First Decade on N. W. System.

W. L. Wilt, chief clerk of the North-western system for Motive Power Suppl. T. W. Demarest, completed his tenth year in that capacity yesterday, and when he appeared at his office this morning he was showered with congratulations from the "boys." Mr. Wilt came here to succeed F. D. Reed, now the purchasing agent of the Chicago, Rock Island and Pacific and the assistant to the vice president, in 1904. He came here from the Columbus offices of the Southwest system. He had been employed for several years in the offices of the Pennsylvania at Indianapolis before going to Columbus.

BUSINESS CONDITIONS BAD.

Boiler Builders Say It is 60 Per Cent Normal.

W. A. Barrett, of the Bass Foundry and Machine works, who devotes his time chiefly to the boiler sales department, attended a meeting of the Tubular Boilerbuilders' association in Cincinnati yesterday, which was well attended by men engaged in that line of work from all parts of the country. Each had the same report to make—that their business was not more than 60 per cent of the business of a year ago. The conditions are a surprise to the boiler salesmen. They can't account for this light trade nor figure out what changes, if any, are to come. All, however, are inclined to the belief that the times will soon improve.

NEW CREW LIST OUT.

It is Eleven Short of the Number Previously Listed.

Road Foreman of Engines C. R. Colmery, of the Pennsylvania, last night issued the new crew list made necessary by the changed conditions in traffic. The new list placed eleven of the regular freight crews on the extra list, fifteen freight engineers back to firing and four passenger engineers back in the freight service. The latter are Engineers M. Brooks, J. L. Gebert, J. Maloney and S. P. Crist.

THINKS OUTLOOK BETTER.

Several representatives of machinery builders are in the city today, calling at the railway and other shops in the effort to sell something. Among them is Mr. Wilson, who represents the Sellers Tool company. He says the business is about at the minimum point now, but the many inquiries received by the company leads to the belief that better times are ahead. Mr. Wilson gets to Fort Wayne several times each year and his genial manners make him a welcome visitor at the shops. Other salesmen in the city

are William Stevenson, representing the Crucible Steel Company, of America, and F. J. Bauniss, representing the Putnam Machine company, of Fitchburg, Mass.

COLONEL THOMPSON WITH C. P.

Col. R. G. Thompson, one of the best known railroad men in the middle west and for many years a resident of Fort Wayne, is now connected prominently with the colonization department of the Canadian Pacific railway, with headquarters at 112 W. Adams street, Chicago. "Dick," as the boys call him, quit the office of district passenger agent of the Wabash about three years ago and has since "made good" with other companies. He recently assumed the duties of his present office.

REFRIGERATION MEETING TONIGHT.

The regular weekly meeting of the Fort Wayne Refrigeration association will be held in their hall, 131 East Main street, at 8 p. m. this evening. An interesting paper on "Operating Ammonia Compressors With Thermometers" will be read and discussed. All persons interested in refrigeration or ice making are invited to attend this meeting and hear this paper, which contains much valuable information for refrigerating engineers.

INDUSTRIAL NOTES.

Passenger Engineer C. J. Pierson, of the Pennsylvania, is sick and off duty. Pennsylvania Engineer M. H. Durnell is still unable to work on account of sickness. He has been off a week now. Machinist William Shrimp, of the Pennsylvania shops, is on duty today after an absence on account of sickness. William Klingman, superintendent of the laundry department of the Bass works, is confined to his home by a bad cold.

Machinist Gus Meyers and his family will go to Rome City tomorrow to take part in the inaugural of the fishing season.

Mr. Hute, of St. Louis, tax adjuster for the Wabash, was in the city today on business with the Allen county officials.

G. W. Jersman, a Pennsylvania tank repairman, is off duty on account of an injured eye. A scale of iron lodged in the optic.

J. W. Engdiking, a clerk in the Pennsylvania shops office, and his wife, will go to Warsaw tomorrow to spend Sunday with relatives.

General Manager S. B. Bechtel, of S. F. Bowser & Company, arrived home last evening after a business trip in the east which consumed two weeks.

T. B. Kelly, night clerk at the G. R. & I. trainmaster's office, is off duty on account of sickness and C. E. Schnee, of the day train, is temporarily working at night.

A. C. Haviland, of the car machine department; J. A. Schmidt, of the boiler department, and Al Bingle, the machinist, of the Pennsylvania shops, are sick and off duty.

George A. Mullen, Nickel Plate yard engineer at Bellevue, is in the city attending the Scottish Rite meetings. Mr. Mullen formerly ran in and out of Fort Wayne on through freight.

A. H. Diem, an apprentice in the mechanical department of the Pennsylvania, who has been granted a leave of absence to attend the Valparaiso school, is here to spend Sunday with his father, Henry I. Diem, a foreman at the east car shops.

General Superintendent A. S. Ingalls, Division Superintendent M. L. Reynolds and Trainmaster H. W. Loomis, of the Lake Shore, were in the city for a short time yesterday. Mr. Ingalls was making an inspection of the property and traveling by special train.

The Pennsylvania paymaster will distribute cash among the employees, except those in the shops, today and tomorrow, and the G. R. & I. paymaster will perform the same service for the employees of that line in this city tomorrow, returning here Monday to pay the Pennsylvania shopmen.

Claim Agent Z. T. Dungan, of the Wabash, played the part of a hero at Lafayette Wednesday, when he grabbed hold of a woman whose dress had caught in the machinery of a passing locomotive and saved her from being drawn beneath the wheels and killed. Mr. Dungan made the rescue at the risk of losing his own life.

Robert S. Hair, of Chicago, traveling passenger agent of the French line of Fast Mail steamers, was in the city to-

Weak, Inactive Kidneys Cause Much Trouble

Backache, rheumatism, and all kidney and bladder disorders are caused from weak inactive kidneys, which fail to filter out the poisons, and keep the blood pure. The only way to positively and permanently cure such troubles is to remove the cause. The reason why Foley Kidney Pills are the best medicine for kidney and bladder troubles is because they are made wholly of those healing, strengthening and restorative ingredients that nature needs to build up and renew these important and vital organs. See that you get Foley Kidney Pills for your kidney and bladder troubles. They are tonic in action, quick to give good results, and contain no harmful drugs.

HISTORIC RELICS GO TO A MUSEUM

Estate of General Wilson
Much Smaller Than
Expected.

A LIST OF CURIOS

New York, April 17. A look of Abraham Lincoln's bloodstained hair, the sleeve links of George Washington, a ring containing strands of hair of Washington, Hamilton, Wellington, Napoleon, Lincoln and Grant, the sleeve links worn by Grant at Vicksburg, are among the relics of an forgotten past included in a bequest to the Metropolitan Museum of Art by the late Gen. James Grant Wilson, whose will was filed in the surrogate's court.

In making the bequests General Wilson provided that the relics should be kept together as the "Wilson collection." If they are not acceptable to the Metropolitan museum on these terms, he directs that they be offered to the New York Genealogical and Biographical society under the same conditions.

Though he did not leave as large an estate as was imagined, the treasures which General Wilson disposed of are priceless. They are of various epochs since 1674, and include autographs, portraits, medals, swords and other trophies, representing the life work of a collector. In addition to the articles already mentioned, the collection includes Washington's Bayard gold ring, which was brought from Holland in 1647, and a miniature of Fritz Green Hallock.

Private bequests are made to General Wilson's widow and his brothers and sisters.

In a footnote to his will, General Wilson says:

"In explanation of no public bequest being made in this will, it may be mentioned that for half a century I bestowed 10 per cent. of my moderate income to charity, including \$500 given to aid in the building of St. James' Episcopal church of the city of New York, of which I was a member three decades and senior vestryman."

NEW TRIAL FOR MRS. WAKEFIELD.

Connecticut Woman Convicted of Murder May Escape Gallows.

Hartford, Conn., April 17. Ruling that a part of the evidence given by Coroner Mix in her trial should have been excluded, the supreme court yesterday found error in the conviction of Mrs. Bessie J. Wakefield of murder in the first degree and ordered a new trial for the woman.

Mrs. Wakefield was found guilty October 31, 1913. Her trial had followed that of James Plew, who was put to death for the crime on March 1 at the state prison at Wethersfield. Mrs. Wakefield and Plew were charged with having killed the woman's husband at the Wakefield home in Bristol. Plew, a farm hand, was a frequent caller at the Wakefield home. The evidence indicated that Plew, on one of his visits, started a dispute with Wakefield, according to

a plan that had been arranged by himself and the wife, and Plew and the woman chloroformed Wakefield. Plew then took the man several miles into the woods north of Cheshire and killed him, according to the testimony.
Women's organizations have made strong fight to save Mrs. Wakefield from the gallows. Thousands of protests against her execution have been received by Governor Baldwin from all parts of the country.

About Rheumatism.

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. A surprise dinner was given on Wednesday evening on Roland Barber at his home, 2824 Lafayette street. The reason of the surprise was Mr. Barber's birthday anniversary and in token of their friendship the boys took him beautiful and useful gifts. Those who

Celebrating Their Golden Wedding

MR. AND MRS. BRUNO MEYER.

Two well known citizens of the city who have made Fort Wayne their home ever since they came in very early life from their native country, Germany, are Mr. and Mrs. Bruno Meyer, of 2221 Gay street, who today attained the fiftieth anniversary of their marriage. Because Mrs. Meyer is an invalid only members of the family attended the gathering, though an exception was made in the case of the pastor of the family and his wife, Rev. and Mrs. H. Luehr, of Zion's Lutheran church, of which both Mr. and Mrs. Meyer are members. Rev. Mr. Luehr also officiated at the religious ceremony attendant upon the golden wedding day celebration. Mr. and Mrs. Meyer, who was Wilhelmina Stollhorn, were married in St. Paul's Lutheran church by Rev. Stubbartz. The bride was a daughter of Richard Stollhorn and the old house in which the family then lived is still standing in Madison street, just off of Barr street. Neither Mr. nor Mrs. Meyer have many near relatives living. Mr. Meyer has a brother,

theme: Armstrong and Manley interest with a bit of dialogue and Rosier and Prevost amuse with acrobatic antics while the moving pictures are of the comedy sort.

AT THE TEMPLE

With every act on the entire program a head liner, it is a bit difficult to select the top notch of the Temple's vaudeville entertainment for the week end. Nelson Dean's big sensation, "The Has Been," probably is entitled to the place because of the uniqueness of the story and the capable manner in which it is handled by a big company, headed by Dean. The story deals with a former featherweight champion who relinquished his crown because his bride asked him, only to get on his uppers about four years later and get on them so thoroughly that he agrees to meet the lightweight champion in the hope of picking off the \$100 the champion offers for any man that can stay six rounds with him. Of course "The Has Been" comes back. It would be a ham entertainment if he didn't, and gets the \$100, so that he can split it with the butcher, the baker and the rent man. The story is rapidly unfolded and keeps the audience intensely interested all the way. The action is in three scenes.

Other features include Josie Heather, the Minstrel Four, the Kern Family, the Langdons and a comedy photo-play.

THINGS OTHER NATIONS EAT.

The Tuscan and French cooks throw fruit peelings into the stock pot or pot au feu, instead of wasting them, while in Japan the chrysanthemums are boiled and eaten with "soy."

China revels in cooked bamboo, and pineapple salad is a delicacy of the early spring season in Germany, the young shoots being boiled and dressed with oil and vinegar.

The Shock Absorbing Adjustable Spring

Protects Your Baby's Spine from Shock or Injury

YOU can not regulate the stiffness of the seat-springs in ordinary baby carriages. The SIDWAY is the only baby carriage with springs that can be regulated to exactly suit the increasing weight of the baby. And these springs are marvels of gentleness. Whether baby weighs seven or forty pounds, whether you ride him over rough roads or cobblestones, suddenly tilt or turn, baby rides without a jerk or bump, evenly, easily, phantom like. This is because of the SIDWAY adjustable, long-leaf suspension springs.

Sidway GUARANTEED

This Name on the Frame of Every Genuine Sidway Fold With One Motion

The exceptional bed length and width leave worlds of room for pillows and quilts and for the unconfining movement of baby's limbs.

The Sidway is the only baby carriage, every part of which is unconditionally guaranteed by the makers against wear and breakage for two years. This includes the Fabrikoid Leather made exclusively for the Sidway, and carrying the additional guarantee of the DuPont Fabrikoid Co., sole makers of Fabrikoid.

The big Sidway factory turns out a Sidway baby carriage every 45 seconds. This enormous output, at a minimum of cost per carriage, gives you a Sidway of the highest quality and value at a price no higher than many unguaranteed carriages. Made in various styles to suit every purse, by the Sidway Mercantile Co., Elkhart, Ind.

took part in this good time and in giving the surprise were Samuel Jackson, Edwin Boxberger, Glenn Trevis, Chester Hosier and Lester Dunn.

Ruth, the 10-year-old daughter of Mr. and Mrs. A. C. Horstmyer, of Park View avenue, celebrated the tenth anniversary of her birth yesterday by having a party enjoyed by ten of her young friends. The supper table was so beautiful in appearance that for a moment the children had a notion of not eating anything so as not to disturb the flowers, candles and birthday cake. But the cake and other things equally good to eat were too much of a temptation and the red candles were blown out, the cake cut and the Easter lilies smelled of instead.

A club of girls, consisting of the Misses Amy Mcnefee, Evelyn Barbier, Stella Burns, Miskel Till, Geraldine McCrory, Edith Hanson, Catherine Jackson, Ruth Culler and Ogereta and Marguerite Rohlman, gave a progressive supper the early part of this week which proved to be a particularly happy event in their social life. Misses Mcnefee, Barbier and Burns were the house hostesses, the rest of the club dividing up to assist. The guests were Byrd Harrod, LeRoy Bradley, Chester Hosier, Lester Dunn, Howard Weikart, Roy Borden, Howard Chilton, Clarence Granger, Frank Ross and Arthur Gerding.

Mrs. C. A. Reamer, of Lillie street, entertained a few friends yesterday afternoon in a way most agreeable to the company in celebration of her birth anniversary. The time was spent in playing games and refreshments were served from a table prettily decorated with daffodils. Each guest took a pretty token to her hostesses as a reminder of the day's significance. Those who enjoyed the good time were Mesdames A. Reamer, W. Goers and her son, P. Rohlman, W. Schvler, F. Horner, O. Exner and E. Exner and her son, Mrs. R. Mann and children, Mrs. Keller, Misses Lillian Dietrick and Effie Beamer.

Dr. Melvin A. Brannon, formerly of this city, has entered upon his duties as president of the University of Idaho. An account of Dr. Brannon's promotion from his former position in North Dakota has been made in these columns before. His daughters, Misses Lida and Eleanor, are coming to Fort Wayne to spend the summer and will make their headquarters with their aunt, Mrs. H. Brook Sato, a part of the time and with their grandmother, Mrs. Robert Lowry, the rest of the summer. Another interesting fact concerning Mrs. Lowry's family is the announcement that her brother, Crozat-Converse, has written a cantata entitled, "When the Lord Turned Again," that is published by the U. W. Gray company, New York.

THREE-YEAR-OLD CHILD SINGS AT THE OLIVER STREET CHURCH MEETINGS.

Little Miss May Walton. Sentinel Staff Photo.

Little Miss May Walton, of Terre Haute, a child of two years and ten months of age, is winning her way into the hearts of the people of the Oliver Street Baptist church by singing each evening at the revival meetings which are being held at that place. This little girl is a niece of Rev. John Walton, assistant pastor of the First Baptist church.

Wednesday evening she sang the song, "It's Just Like Jesus," and last evening she gave the song "God Will Take Care of You." Her singing has created a great deal of interest in that section of the city where the church is located, and Rev. Walton states that he thinks that much of the success which he is having in these meetings is due to the little girl's singing. The services are held nightly, beginning at 7:15 o'clock.

CONCERT BY MASS CHOIR.

Lutheran Choral Society Will Give Great Musical Event Sunday.

The Lutheran Choral society, a mass choir numbering over 250 members, will render a sacred concert Sunday afternoon and evening at the St. Paul's school auditorium, corner Bier and Madison streets. This event is an annual affair and it is expected that a large audience will be present at both renditions.

The foremost piece on the program is an Easter cantata entitled, "Darkness and Dawn," composed by F. W. Pearce. In addition to this cantata, which will be rendered by the entire chorus, the male choir from Concordia college will also give several selections. The St. Paul's and Concordia college orchestras will give some special music.

The choir sings under the direction of Prof. Feiertag and the piano accompaniment is played by Prof. Weller, both of St. Paul's school. The soloists for the chorus are Prof. Brodemeyer, bass; Prof. Heintz, tenor; Miss M. Bohling, soprano, and Miss A. Gerberding, alto.

Following is the list of the singers who will participate in the giving of the sacred concert Sunday:

Soprano—Misses E. Buuck, A. Deuter, I. Doctor, L. Feiertag, I. Giek, G. Giek, A. Gross, E. Grubel, A. Hegerfeld, M. Huesner, S. Huesner, L. Huxoll, A. Kaiser, F. Kaiser, R. Klingmann, E. Koch, E. Linnemeier, H. Miller, B. Niebergall, E. Pape, S. Rodenbeck, E. Sauder, C. Schack, E. Schmidt, E. Schmidt, T. Trumbach, F. Wermuth, M. Wermuth, Messrs. Buetzow, Dulker, Grunow, Gruse, Gold, E. THE PRODIGAL SON

Was the Theme of the Sermon Given by Rev. J. Walton Last Evening.

Rev. John Walton delivered a sermon last evening on "The Prodigal Son" to an audience which filled the auditorium of the Oliver street church to its uttermost. Rev. Walton in his interesting way told how the son who was stubborn and who thought his parents too slow, had run away from home into the temptations of the world where he soon fell into the traps of the devil. But that after he had lost all his friends, he looked back over his wicked life and decided to go back home to his father. "This boy made a home run," said Rev. Walton, "and that is what many people of today should do."

Following the sermon he showed 1,000 feet of motion pictures on the subject upon which he preached. These pictures were very touching and many in the audience were forced to use their handkerchiefs in wiping away tears.

Other features of the meeting last evening were the solos sung by Miss Crum, illustrated with the dissolving views, and also the solo sang by Miss Holbertson, of Blumington.

The sermon topic this evening will be, "The Lost Sheep," followed by an illustrated song, "The Nine and Ninety." There will, however, be no services Saturday evening.

WEATHER HELPS FOR ARBOR DAY

Tree Planting at Schools is Main Feature of the Observance.

PURDUE MAN TALKS

No special arrangements were made with the weather authorities on the

class of weather to be served Fort Wayne today, but it seems that the gods of the elements looked kindly on the city and took a hand in the local observance of Arbor day for this is the warmest and fairest day since last November, and the weather has had a great deal to do with the attendance and general success of the Arbor day program.

City officials represented by City Forester Carl J. Getz, of the park board, the Commercial club, the Woman's league, the Woman's Reading club and the different parent-teacher clubs of the city have co-operated for the celebration, and as a result of their activity nearly every portion of the city has residents that this is the official "tree planting day."

The principal observance took place at 2:45 o'clock this afternoon when the pupils of the high and manual training school planted a tree on the school property, following an illustrated address by Dr. Herman Babson, of Purdue university. Preceding the high school program, Dr. Babson lectured at the Jefferson school and a tree was planted on the school property there. The expense of Dr. Babson's visit here is to be paid by the Commercial club.

Nearly every school in the county is holding some sort of Arbor day program and in the country schools Superintendent McComb instructed the teachers to carry out an Arbor day program. In the schools of the city, the parent-teacher clubs have charge of some of the exercises, and in the schools not provided for by donations, trees were

furnished by the board of park commissioners. A specially elaborate program was held at the Nebraska school, where an address was delivered by Harry G. Hagan, former city attorney.

Mrs. Eliza Hanna Hayden donated a tree, with guards and stakes, to be planted this afternoon at the Hanna school.

Uncle Sam Spends \$15,000 a Month to Teach His Soldiers How to Fly

Capt. C. A. Cowan, in charge of Uncle Sam's aviation school at San Diego, and Burgess biplane, showing how the engine and propeller is in front of the driver. In case of a fall the driver is not crushed by the engine.

San Diego, Cal., April 17.—When you see a tiny man-made machine a mile high, with nothing between it and the hard ground but very thin air, you can't help wondering if you've got any unpaid bills or unanswered letters on hand. Uncle Sam is spending \$15,000 to \$15,000 per month to teach the art of aviation.

The entire aerial equipment of the United States army is located at North Island here, and consists of fourteen machines of the Wright, Curtiss and Burgess types, and two hydroplanes. Armed machines are on their way to the school and bomb-throwing devices will be experimented with soon. The machines are equipped with engines generating from 70 to 100 horse power and capable of attaining a speed of from 50 to 70 miles an hour. Loaded with fuel for four hours' flight, signaling devices, etc., and a crew of two men, the most modern machines in the army service weigh 1,950 pounds.

Wireless instruments will soon be in use on the air craft and exchanges of signals and messages with land stations will be engaged in. Smoke signals formerly used were abandoned, as they could be seen only from a comparatively short distance.

More than 100 men maintain the camp and school. Pupils come from all parts of the country, and from every division of the army. All apply for admission to the school; none is detailed to this work, as for other military duty. According to the commanding officer, Capt. C. A. Cowan, not one man has withdrawn from

the aviation service. Of course, not all of the applicants pass the tests, and they are manifold, the most important being the test of nerves and presence of mind. Then, too, the men must show an interest in motors and in the study of the science of flying.

Despite the precautions taken to avoid accidents, four deaths have occurred in this camp in the year it has been on North Island since coming from Texas City. This is a low figure in proportion to the number of men instructed and in comparison with death records of foreign schools and independent flyers. The soldiers are taught to guard against the possibility of death by falling and trained to know how to save themselves if, for some reason, the machine should start to fall. While "soaping the loop" is considered nothing more than an exhibition stunt, flying upside down and

diving are looked upon as practical maneuvers, proving that a machine, if it falls or turns over, can be controlled and righted.

In the new French Burgess machines the Renault engines and the propellers are in front of the aviator. The advantage of this location is that if the machine drops, a fellow will at least not hit the ground first, with the heavy engine on top of him.

Beginners remain in the air only forty-five minutes because of the tremendous nervous and mental strain first experienced. After they become more proficient longer flights are permitted. Recently Lieut. Taliferro, of this camp, broke speed and distance records of the army aviators in a flight from San Diego to Los Angeles. An elevation of from 4,000 to 5,000 feet was maintained throughout this flight for the purpose of avoiding air waves caused by the undulating hills between the two cities and to enable the flyer to glide for a greater distance to a place of safety in case of engine trouble.

The changes in weight of air, or resistance, over hilly sections or because of change in temperature are so great that an aviator, though strapped in is joined clear out of his seat as the machine speeds along, bucking like a broncho.

The altitude record in army aviation was made at North Island, when 10,030 feet was registered by a barograph on one of the machines. This instrument records in ink on a scale card the exact height attained at the minute it is reached.

upon this he brought his pork to the shipping point.

Wife Alleges Non-Support.

Alleging that for the past two years she has been given no support by her husband Laura Mizner has sued William Mizner for divorce in the superior court. The couple were married eleven years ago and separated some time last year.

Notes of the Courts.

The petition of Valentine Zollinger and many other property owners in Marion and Madison townships for a ditch to drain their lands has been filed in the superior court.

The divorce suit of Martha Schaden against William C. Schaden, on file for a long time in the superior court, has been dismissed.

The statement that in her cross-complaint for divorce Mrs. Earl Pelkey charges that her husband had associated with Nannie Hoover is not strictly accurate. It is charged that Pelkey had boasted he would get a divorce and wed Mrs. Hoover, who, however, denies more than acquaintanceship with Pelkey.

ALLEN YEARS BEHIND IN ROADS.

County Officials Enthusiastic Over Concrete Highways.

The party of county officials that spent two days inspecting concrete roads in Wayne county, Mich., and water-bound roads with tar, gravel, and Lucas and Wood counties, Ohio, have returned fired with much enthusiasm for those types of highway for the country. Allen county is declared ten years behind in road improvement.

The party returned last night and from expressions of opinion today it is evident that concrete roads will be much advocated for Allen county. For these portions of the main highways near the city, where the traffic is heavy, concrete roads are favored, while for the more remote sections the tarvin kind are thought to be good.

The expense will be much less in Allen county for either type than was paid in the sections visited because the main roads are all gravel pikes, with grades fixed and drainage established. It was found that Wayne county has paid about \$11,000 per mile for concrete roads and the Ohio counties about \$9,300 for the water-bound type. Those who were in the party were County Commissioners James D. Butt, William C. Schiwer and Albert J. Black, Bridge Superintendent C. B. Wiley, Surveyor Ralph Gienher, Auditor Calvin H. Brown, Treasurer J. Herman Baeter and Road Viewers Oniz Bird, Michael Sheridan, Hezekiah Billigas and John Clark.

The object of the trip was to inspect the two types of roads of which Allen county is already preparing to construct a considerable mileage.

HOGS PINE WHILE STOCK CARS LAG

Henry Koenemann Says the Lake Erie Road Held Him Up Ten Days.

NEWS OF THE COURTS

The kind of car service Louis Koenemann, a stock buyer, says the Lake Erie & Western railway gave him at Yoder, a shipping point on that line in this county, is the reason he is suing that company for \$400 damages. Ten days he waited with 150 head of fat porkers designed for the Pittsburgh market. The hogs were interned in the stock yards at Yoder from December 4 to December 14, 1912, before a car was sent, and then he got but one where two were ordered. Two days later the other car came. Pending the arrival of the cars the hogs pined and lost flesh, the market declined and altogether for these deteriorations and for purchasing feed the plaintiff was damaged in the sum of \$400, according to his complaint, and he demands reimbursement. He says the agent at Yoder promised him the cars and depending

HISER QUITS THE FIGHT.

Ezra Hiser today withdrew his application for renewal of license to run a saloon in Williamsport, Marion township. A remonstrance had been filed against him and the commissioners had fixed today to render a decision on his application.

MRS. JAMES HUMPHREY DIES.

Widow of Former Well Known Man Expires in Washington.

Mrs. B. Webster, of Fairfield avenue, received a telegram today announcing the death last night of her sister, Mrs. Catherine Humphrey, in Washington, D. C., after a short illness. Mrs. Humphrey was the widow of James Humphrey, who preceded her in death several years ago. But one child survives the parents, Mrs. W. J. McNally, of Washington. The Humphrey family lived in Fort Wayne for

many years, and Mrs. McNally especially is well remembered.

PROGRESSIVES LEAVE.

Headed By Chairman Reiter They Leave for Indianapolis.

Headed by County Chairman H. F. J. Reiter, a party of Allen county progressive leaders left this afternoon for Indianapolis to attend the state convention there tomorrow. Mr. Reiter, accompanied by the former county chairman, Charles M. Probie, went to the capital city by way of Chicago. Some of the delegates left at 11 o'clock this morning over the Lake Erie and West-ern, and others left at 2 o'clock this afternoon over the Fort Wayne and Northern Indiana Traction company. Colonel D. N. Foster, one of the county dele-

gates, has been at Indianapolis for several days, attending all the preliminary conference of the hull moose party.

The congressional convention of progressives will be held one week from tomorrow at Auburn.

After washing cut glass in the usual way in soap and water, rinse in water in which a little washing soda has been dissolved. After drying polish with tissue paper. This imparts a fine brilliancy, which quite repays one for the little extra trouble taken.

Society

A number of ladies perpetrated a complete surprise on Mrs. Elizabeth Bade, of Brooklyn, avenue, on Wednesday afternoon in celebration of her birthday anniversary. Many pretty gifts were presented to the hostess and a fine luncheon was served. Those who participated were Mesdames C. Bicer, J. Ehrhart, M. Koehler, C. Kuelin, Lutz, Neireiter, J. Armistead, L. Rohlfman, G. Shamon, P. Smith, Sanford J. Sanford, D. Tice and Misses Lily Bicer and Edna Bate.

Evans, Law, Reed, Inhl, Brun, Doehrmann, Doane, Waters, Welch and Miss Evans.

A very good way to prevent a cracked wash basin from breaking is to paint along the crack with white paint. Then place along it a piece of wide tape, the length of the crack. Paint well over this, and when dry it will be as firm as cement and last for years.

To make brown boots black take a piece of washing soda the size of a walnut and dissolve it in boiling water. When cold rub well over the boots. This will darken them. Then take a little shoe-maker's ink and give the boots two coats. Polish in the usual way.

THREE PLATOONS FOR THE POLICE

Board of Safety Discusses
Plan as Substitute for
Day Off.

THE MUNICIPAL NEWS

The three platoon system for the Fort Wayne police force in lieu of the one day in ten off plan that the members of the force have petitioned for, is under consideration by the board of public safety. This would divide the force into three eight-hour shifts. The board has figured it out that to keep police efficiency up to its present standard eight additional men will be needed to allow for one day off in every ten to each man. A slight additional expense would permit the establishment of the three platoon system. With the fifteen days' vacation now allowed each man and the thirty-six additional days off that would come to each by the new plan for a day off each member of the force would get an allotment of a total of fifty-one days each year. The board believes the three platoon system can be worked out both as a satisfactory police regulation and as a financial possibility and procure better service and more satisfactory conditions for the men of the force. The board is likely to discuss this at its regular meeting tonight, when the petition for the day-off plan will again come up for consideration.

MAY BE SOME OBSTACLES.

Opening of Webster Street Presents Some Problems.

In considering a petition for the opening of Webster street across the Nickel Plate rail tracks the board of works is forced to contemplate some serious problems. One is that the Nickel Plate may appeal to the state utilities commission in respect of providing three and possibly four consecutive openings in the ultimate event of track elevation. When grade separation comes (Clinton, Calhoun and Harrison streets certainly will be opened through because they already are established. The opening of Webster street argues a bridge to connect with Cass street on the opposite side of the St. Mary's and the county commissioners may object there. The board will confer with the city engineer and make a decision on the petition filed last night by James M. Henry and eighteen other property owners.

The board received delegations of property owners on Jane and Smith streets, who demanded the thoroughfare, repeated their urgency to the board. Both delegations expressed a desire for cheaper pavements than the types that have been the almost unvarying rule in Fort Wayne for more than twenty years, and said they would be willing to try a cheaper sort.

The Fort Wayne Electric works lodged a petition with the board for a franchise to make an extension of its tunnel under Broadway to the new buildings to be erected west of Broadway. The board has the petition under advisement.

Offering to pay the cost of five intersections, Hugh G. Keegan and other owners of property along the thoroughfare, repeated their urgency to the board for the paving of Calhoun street from Rudisill boulevard to the southern limits of the city. The board will give its decision next Monday.

The board approved the plat of the Federal Ninth addition, lying between Garden street and Reidmiller avenue and north of Eagle street.

PLAN LAKE IMPROVEMENTS.

Park Board Engineer Marlett Price and Park Superintendent August Geyer spent

some time today at the lake in reservoir park planning the improvements that are to be made on the banks of the lake. The banks will be stripped of slime and given an over slope and the upper portion probably sodded. A new bulkhead is under construction at the waste-way at the Crighton avenue and Clinton street corner of the lake.

DEPUTY STATE SEALER HERE.

John T. WUHL, deputy state sealer of
weights and measures, was in Fort
Wayne today assisting City Sealer C. R.
Yohn in some work. They inspected the
weights and measures used at the

where all supplies are subjected to close
inspection. With one exception all the
weighing and measuring devices were
found correct.

SOUVENIRS NOT BARRED.

In a local opinion given by City Attor-
ney Guy Colverick it is held that while
unlawful theaters may continue to give
souvenirs to their patrons, they may not
lawfully conduct "country store" or other
features that violate the anti-lottery or-
dinances.

COXEY'S ARMY DWINDES AWAY

But Fifteen High Privates
in Line When Column
Moves Today.

SEEKING RECRUITS

Canton, O., April 17.—Fifteen "Generals"
made up the rank and file of "General"
Jacob S. Coxey's "army" of unemployed
when it fell into line at 9 o'clock this
morning and set out for the village of
Gannawa, six miles away. A large crowd
saw the "general's" aides assemble the
"army" from socialist hall and from
nearly saloons to make the start today
on the second leg of the pilgrimage to
Washington.

A corps of five officers, organized by
"Lieut." Paul Anderson, was near the
head of the procession this morning and
provided music at intervals.
Eleven-year-old David Coxey, the
"general's" son, and courier of the
"army," headed the line of march riding
his pony. At the last minute the "army"
chaplain, Rev. Harry T. Wilson, of Rock-
dale, Pa., decided not to march to Gann-
awa but told the "general" that he would
take an interurban car and meet him in
Allandale tonight.

None of the sixty or more high school
boys who marched with the "army" from
Massillon yesterday, put in an appear-
ance this morning. "Lieut." Anderson,
the "army's" recruiting officer, had worked
late last night and early this morning
loading the boys' packs and railroad
trucks near Canton in an effort to sign
up more recruits, and gave out the
names and addresses of twenty-eight
men who had agreed to march today, but
who often put in an appearance.

While the members of the "army"
curled upon benches or on the floor in
the socialist hall last night, "General"
Coxey and his son David were quartered
at one of the city's best hotels. The
"general's" suite was quartered in a liv-
ing room. In spite of the meagerness of
the army, Coxey says he has no intention
of giving up the march to Washington.

THE DEATHS

GOBA.

Arthur Goba, aged 28 years, died at
1:30 o'clock Thursday afternoon at the
home of his sister, Mrs. Charles Gardner,
1408 Francis street. Death was due to
complications followed by illness of one
year's duration. He was a brick mason
by trade and a member of the French-
American society. Surviving he leaves
the parents and the following brothers
and sisters, Albert, Lewis and Charles
Goba, Mrs. Charles Gardner, Mrs. Philip
Foeter, Dr. Bertha Goba and Rose and

Ada Goba, all of whom reside in this
city.

Short funeral services will be held at
1 o'clock Sunday at the residence, 1408
Francis street, and at 2:30 at the Parker
church, on St. Joe road.

MCCORMICK.

Reta McCormick, aged five months, a
daughter of Mr. and Mrs. Joseph Mc-
Cormick, died at 9 o'clock this morning
at the residence of the parents, 2705
Chestnut street. Her death was due to
bronchitis. Funeral services will be held
Saturday afternoon at 2 o'clock from the
residence and at 2:30 o'clock from St.
Andrew's Catholic church. Interment
at the Catholic cemetery.

BRUNS.

Marcella Bruns, infant daughter of
Mr. and Mrs. William Bruns, died at
5:30 o'clock Thursday evening at the
family home, 710 Riverside avenue. The
child was six days of age.

Funeral services Saturday morning at
10 o'clock from the residence. Interment
at Lindenwood cemetery.

FUNERAL NOTICES.

Doehring—Funeral services for Frances
Mary Doehring will be held Monday
morning at 8:30 o'clock from the resi-
dence, 1430 Wahash avenue, and at 9
o'clock from St. Andrew's Catholic
church.

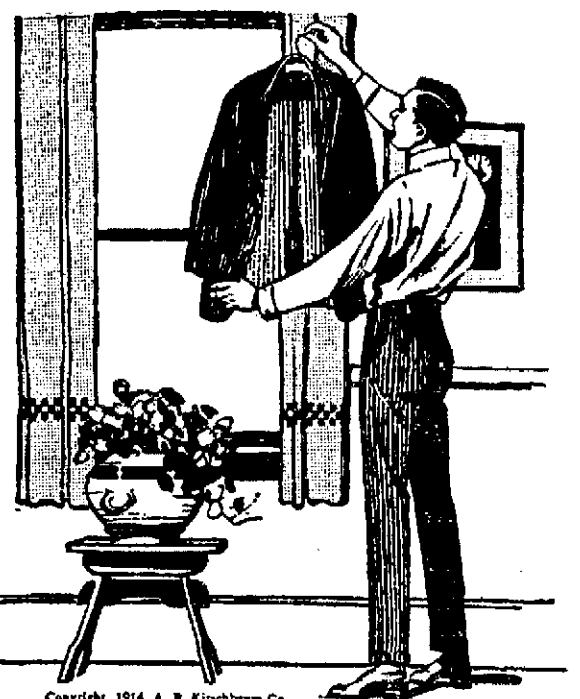

Mr. and Mrs. Louis Blasing are the
parents of a son, born Thursday after-
noon at St. Joseph's hospital.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.
Chicago, April 17.—Wheat developed firmness today after some weakness at the start. Cables were steady and production of rain had not been fulfilled. The domestic winter crop belt. Opening prices, which varied from 1/4c off to 1/2c up, were followed by some advance all around.
The close was steady at 1/4c to 1/2c net advance.
Although corn gave way for a while under a rush of selling, the market later became steady as a result of buying on the part of leading speculators. Prices opened 1/4c to 1/2c lower but soon recovered nearly all of the decline.
The close was weak, 1/4c to 1/2c under last night.
Oats held steady. Leading houses were good buyers.
The smaller packers gave support to provisions. First transactions ranged from 1c off to a like amount up and the market seemed disposed to keep within all such limits.
